DISFIGURED FOR LIFE

Our little girl's humor commenced with a tiny sore on one nostril, but it kept on spreading till we thought she would never get it cured. We tried everything we could get, but it kept getting larger all the time, till *both nostrils, the upper lip, a part of the lower lip, and up one side to the eye, were a solid sore.* We thought there was no cure, and that she would be *disfigured for life.* Finally we tried CUTICURA REMEDIES. We used CUTICURA RESOLVENT and nearly a box of CUTICURA (ointment), and in a short time she was entirely well, with no scar or trace of the humor.

TORTURE PRISONERS

Bloody and Inhuman Work of the Philippine Rebels.

Have Ravaged North Part of Island of Luzon.

Friars are Treated With Shocking Cruelty.

Report Comes From Madrid That the Treaty of Peace May Not be Ratified by Spain.

SAN FRANCISCO, Dec. 13.—The Manila correspondent of the Hong Kong Press gives details of the shocking treatment of friars and other prisoners captured by insurgents in the northern part of the Island of Luzon.

General Leybe, who was sent by Aguinaldo to attack the cities in the extreme north of Luzon, sent a report to his chief that he had brought the entire section raided completely under the control of the Filipinos.

Leybe also mentions in his report the capture of 124 friars and lay brothers, many Spanish soldiers, with their arms and property, and silver and gold valued at $800,000.

The Press' correspondent states that from Spanish sources have come reports of terrible atrocities committed by rebels who are said to have looted the churches in the towns of Caigayan and Apairi.

The correspondent says:

"The bishop was subjected to the grossest indignities. The friars were beaten with sticks, kicked and hung up in the torrid sun for seven hours. The natives were forbidden to render the friars any assistance. During their greatest suffering, while hanging hungry and naked in the burning sun, Chinese and natives furtively supplied them with food and water.

"One aged friar was placed upon a horse's saddle and jumped upon until blood poured from his mouth and nose. Another, it is said, was clothed only in a rain coat, carried in triumph for 200 yards and then cudgled to death among savage cries.

"Nuns in the convent were subjected to shameless treatment."

SPAIN MAY REJECT TREATY.

MADRID, Dec. 13—It is asserted here that the premier, Senor Sagasta, will obtain a royal decree dissolving the chambers before the ratification of the peace treaty. The semi-official Correa announces that Senor Sagasta, before asking the cortes to ratify the treaty, will confer with Senor Montero Rios, president of the Spanish peace commission, and it is further asserted that, owing to the existence of opposition to the treaty in the United States senate, will not confirm it.

A dispatch from Iloilo, Island of Panaya, Philippine Islands, reports the situation there unchanged. General Rios, the Spanish commander there, is preparing to remove his troops to Mindanao.

CELEBRATE PEACE.

All is Ready for Atlanta's Big Jubilee.

President McKinley and Party Will Arrive Wednesday Morning—Distinguished Figures of the War.

ATLANTA, Ga., Dec. 13.—The citizens of Atlanta have completed all arrangements for the entertainment of their distinguished guests at the peace jubilee tomorrow and Thursday and but await their coming. Final meeting of all committees concerned in the arrangement for the big event were held today and every detail arranged. The president and party will arrive over the Southern railway at 9 tomorrow morning, and will be met at the depot by a reception committee of fifty, composed of Atlanta's most distinguished citizens and headed by Col. Livingston Mims, president of the Capital City club. The ladies of the jubilee committee will also be at the station to extend a greeting to the ladies of the presidential party. The first day will be given over to a visit to the capitol, a public reception and a floral parade, which will be reviewed by the president. A reception at the Capital City club in the evening will close the day's festivities.

The military and civic parade at noon on Thursday will also be reviewed by the president and party and at 3 o'clock the chief executive will address the public in the auditorium at Piedmont park.

Governor Candler will receive the city's guests at 5 o'clock and in the evening the banquet at the Kimball will be the concluding feature of the jubilee. Of the sixteen distinguished guests invited to speak, all have accepted save General Fitzhugh Lee, who is in Cuba, and Hon. Joseph W. Bailey. The list includes besides the president and members of the cabinet, Admiral Schley, Generals Shafter, Wheeler and Chaffee, Stephen O'Meara, of Boston, Governor Johnston, of Alabama; Constructor Hobson, Mayor Warwick, of Philadelphia, and Hon. John M. Allen, of Mississippi. Hon. Clark Howell, editor of the Atlanta Constitution, will preside as toastmaster.

The business portion of the city is handsomely decorated, the prevailing sentiment amid the masses of bunting everywhere being "One Country, One Flag."

MINERS ENTOMBED.

Reported That Fifty Men May Have Been Lost.

An Explosion in Coal Mines Near Poteau, I. T., Blocks the Mouth and Cuts Off Escape of the Men.

POTEAU, I. T., Dec. 13.—A few minutes after 9 o'clock last night, in mine No. 2 of the Indianola and Rathway Coal company, situated about three miles from this place, a terrific explosion took place. Five men are known to have lost their lives from the immediate effects, and about twenty three more are buried in the shaft.

The explosion was caused by the ignition of coal dust after a blast had been fired. It was something terriffic and was very plainly heard in this place.

The timber work of the hoist was blown far into the air and the shattered remains immediately caught fire. Over 100 men were at work in the mine at the time of the explosion, and only about one half of these have been accounted for.

Those who escaped were employed in another part of the mine.

There seems to be little hope of rescuing the entombed miners, as the explosion literally rent the subways asunder, and there are hundreds of tons of earth to be taken away before they can be reached.

A hundred men are working valiantly to rescue their comrades. They are driven away at times because of the intense heat of the burning structure. It is probable that the interior of the mine is now burning, though at the present time this cannot be determined.

It is also impossible to ascertain the names of those who have been killed and are buried in the mine.

This is the second time within three weeks that an explosion has occurred in this mine, two men having been killed in the previous one.

JOY UNRESTRAINED.

That Explains the Dance of the Stonecutters.

Departing Members of the Craft are Given a Good Time at Hartman's Hall Last Night.

The Stonecutters' union gave a dance and supper at Hartman's hall last night, as a farewell reception to members of the craft from abroad who have been working on the new court house for more than a year past. The work is almost completed and the out-of-town workmen will leave for their homes in a few days.

The dance and supper was for the benefit of the stonecutters, their wives and sweethearts, and it was probably the jolliest of all social affairs ever given by this jolly set or fellows. Barner's orchestra furnished the music. At a late hour a sumptuous feast was served.

TO REORGANIZE.

The Big Werner Publishing Company to be Started Again.

COLUMBUS, O., Dec. 13.—A special to the Dispatch from Akron, says:

A plan to reorganize the Werner company, the big publishing house, has been formed. Under an order of the court, the property will be sold January 18, when a committee consisting of Frederick B. Schenick and Joseph Parmlee, of New York; Joseph Barnegan, of Providence, R. I.; Gerald Wyman, of Boston; J. J. Sullivan, of Cleveland; George W. Crouse, of Akron, and Robert L. Stuart, of Chicago, will look after the creditors' interests.

SOLDIER AWAKES IN COFFIN.

Supposed Corpse Decides He is Not in Heaven or Purgatory.

TOPEKA, Kan., Dec. 13—John Clark, an inmate of the Dodge City soldiers' home, apparently died, was placed in a coffin and the body was put in a room for the night, ready for burial the following day.

During the night a great noise was heard in the room occupied by the supposed dead man. Watchers rushed in and found Clark, who had kicked off the unfastened cover of the casket, sitting up and gasping for breath. Stimulants were applied and the man supposed to be dead revived, and is now alive to tell his experience in death.

President Gresham, of the home, said Clark related that he was seized with hunger and that his feet were cold. He said he did not believe he was in heaven, for he would not be hungry there, and he could not think himself in purgatory, for if he had been there his feet would not be cold.

NINE MEN KILLED.

Italian Trackmen Struck by a Train on the New York Central.

BUFFALO, N. Y., Dec. 13.—A special from Chittenden says that nine men, snow shovelers, were killed this morning on the New York Central, at Chittenden. In avoiding a passenger train, they stopped on another track in front of a freight train. Foreman John Warner and eight Italian laborers were killed.

THE HERO HONORED.

Funeral Services in Washington Over General Garcia.

Highest Respect Shown Memory of Cuban Leader.

Splendid Tribute to the Lion-Hearted Chieftain.

Generals Miles, Shafter, Lawton and Wheeler Among the Honorary Pall Bearers—Remains in Arlington.

WASHINGTON, Dec. 13.—The solemn high mass of the Catholic church was celebrated over the remains of Gen. Galixto Garcia, at St. Patrick's church today, before the body of the distinguished Cuban leader was committed to the vault in the National cemetery at Arlington. The service was notable in the distinguished gathering present.

All the honors of war that could be meted out to a national hero were bestowed by this government upon the lion hearted old Cuban.

Havana itself could scarcely have poured forth a larger crowd than gathered in and about the church and the most radical of the Cuban independents could not have picked a flaw in the official marks of consideration bestowed on the remains of their venerable leader.

The church was crowded when the procession entered, the coffin borne by soldiers and escorted by two companies of artillerymen. The Cuban flag draped the coffin. To the left in pews sat the honorary pall bearers, Gen. Nelson A. Miles, commanding the United States armies; General Lawton and Gen. Joe Wheeler, who were among the first to greet General Garcia in Cuba; General Shafter, who commanded the army of liberation; Col. John Hay, secretary of state; Senator Thurston, whose beloved wife lost her life nearly a year ago is visiting the unhappy island in behalf of the Cuban people, and Senators Proctor, Mason and Money, whose speeches in the senate upon conditions as they had seen them in Cuba, stirred the nation to indignation and action.

The coffin was deposited before the altar and the solemn high mass was begun. Those who officiated were:

Rev. Joseph McGee, deacon; Rev. Charles Warren Currier, of Baltimore, sub-deacon, and Rev. Clarence E. Woodman, C. P. S.

The sermon was by the Most Rev. John Ireland.

At the conclusion of the mass the body was transferred to the Arlington National cemetery with military honors. There it was deposited in a vault to await shipment to Cuba.

THE FEDERAL COURT

Bernhard Deck Gets Thirty Days and a Fine.

Jury Heard Evidence in the Bricker Case —Court Items of General Interest.

United States court convened in the government building this morning with Judge Baker on the bench and the United States officers all present.

Bernhard Deck answered to the charge of forging an order on the postoffice department. He was defended by Attorney A. A. Purman. After hearing the evidence Judge Baker fined Deck $50 and sentenced him to serve thirty days in the Marion county jail.

A jury heard the evidence in the case of Michael E. Bricker, who is charged with sending obscene letters through the mail. Evidence was in and the jury retired at 12:30 noon.

A number of civil cases were disposed of without trial by jury.

Irwin, the alleged counterfeiter, is being tried this afternoon.

The prisoner was sentenced to 100 days in the Indianapolis workhouse and to pay a fine of $50.

John M. Davis, the Ohio postmaster, and Dan Gorman will have their trials tomorrow.

R. B. Davis was fined $250 for sending improper matter through the mails.

George McDowell was acquitted of a charge of malicious trespass preferred by Joseph Prevert. Justice France tried the case.

On December 27th there will be a total eclipse of the moon, visible on all of the continents except Australia, and over the Atlantic ocean. The duration of the eclipse, exclusive of the penumbral phase, which is never perceptible, will be three hours, forty-nine minutes. The moon will be totally eclipsed one hour and thirty minutes. At the middle of the eclipse the moon will be in the zenith of an observer in longitude 5 degrees east from Greenwich, and in north latitude 23 degrees, 30 minutes—very nearly at the center of the Sahara desert.

BUTCHERY.

Terrible Atrocities Reported From Formosa.

Rebels Attack a Village, Loot the Houses and Murder the People—Great Disquietude Prevails.

SAN FRANCISCO, Dec. 13.—Terrible atrocities are reported from Formosa. Two hundred rebels recently attacked a village, surprising the people and looting the place. They burned thirty-seven houses. A Japanese police inspector and six constables perished in repelling the attack. One constable was captured alive. The insurgents fastened on his back the bloody heads of his companions and drove him before them into the woods. Reinforcements were sent to the village, where the mutilated bodies of the victims were found. One constable who escaped, killed his own wife and child with his sword to prevent them from becoming captives. He was then killed by the savages. There is much disquietude among the inhabitants of Hankow since the recent fire, in which 3,000 people lost their lives. Several smaller fires have occured since, all believed to be the work of incendiaries. The Shanghai Daily Press says five Chinese were caught in the act of igniting as many dwellings. They were thrown into the flames and burned alive.

DRAIN KANKAKEE MARSH.

Syndicate is Formed to Reclaim Valuable Sugar Beet Land.

KANKAKEE, Ill, Dec. 13.—The greatest drainage district ever formed in Indiana will reclaim 120,000 acres of Kankakee marsh land. B. J. Gifford, Kankakee, has charge of the formation of the district, and began preliminary work yesterday. Mr. Gifford, together with Nelson Morris, of Chicago; General Shelby, of Kentucky, and the Band brothers, of Crown Point, Ind., own most of the tract to be reclaimed.

In order to secure a proper outlet the Kankakee river will have to be dredged and straightened for a distance of more than forty miles. The estimated expense of dredging the river exceeds $300,000. The land to be reclaimed is in Newton, Jasper and Lake counties, Ind., and at least half of it is submerged at present. When reclaimed it will be the best beet sugar ground in the country, it is said.

The land comprises about one-half of the celebrated Kankakee marshes.

Several large dredges will be constructed this winter.

MUNICIPAL AFFAIRS.

Water Works Trustees Will Submit Contract for Engine.

The City Council Will Meet Tonight and Discuss the Tunnel—Interesting News in City Hall.

The water works trustees held a regular meeting last evening and before adjournment decided to submit to the council tonight the contract of the Holly Manufacturing company for a new water works engine and pump. The bid is $30,500. L. A. Centlivre met the board and discussed his plans for getting nothing but rock water for the city's use. P. J. Scheid, chairman of the council water works committee, also met with the committee.

THE TUNNEL.

The committee on streets will make a report tonight in favor of building a tunnel on Clinton street under the Pennsylvania and Wabash railways. A canvass of councilmen shows that a majority of them will favor building a tunnel at Harrison street, while still others will oppose any tunnel. One councilman, it is understood, has investigated the matter and finding that the council has no jurisdiction whatever, will advocate dropping the matter altogether and allow the board of works to do without recommendation the work that the charter provides that the board alone can legally do.

BOARD OF WORKS.

The board of works yesterday awarded the contract for building the proposed sewer in the alley north of Elm street to Anton Rieg, at forty-four cents per lineal foot.

A petition asking that Nelson street be opened from Washington boulevard to the St. Mary's river was received and the engineer was instructed to prepare a plat of the street.

TO SEE STATE HOME

The Roots Commission Arrived in Fort Wayne Today.

Visited the Home for Feeble Minded Children.

Tell of the State Institutions They Visited.

Will Probably Recommend That Additional Buildings be Erected at the Feeble Minded Home.

The legislative committee appointed by Governor Mount to visit the state penal, charitable and educational institutions, arrived in Fort Wayne this morning from Michigan City, where they visited the northern prison.

The commission came to Fort Wayne to visit the institute for feeble minded children. The members of the commission are Representative Francis T. Roots, chairman; Representative Strather Herod and Senator Goodwine. Mr. Roots is the originator of the law which authorized the commission, and Governor Mount honored him by making the Connersville representative chairman of the first commission.

A SENTINEL reporter visited the gentlemen at the New Aveline and found them willing to discuss their visits to the state institutions. The duties of the commission commenced on December 1 and since that date the legislators have visited the asylum for deaf, dumb and blind and the woman's prison at Indianapolis, the girls' reformatory, the boys' reformatory at Plainfield, Purdue university and the soldiers' home at Lafayette, the northern hospital for the insane at Logansport and the prison at Michigan City. The commission sent interrogatories in advance to the trustees and superintendents of the different institutions and as each institution is visited the officers thereof have a report ready to submit to the commission.

After examining the report and discussing its contents with the superintendent of the institution, the commission then makes a personal investigation of the buildings. In this manner they can easily determine what the necessities really are. Before visiting the next institution, it determines what recommendations will be made for the one last visited.

Representative Roots, chairman of the commission, said to THE SENTINEL that he found all the institutions in the state so far visited, ably managed. He was especially praiseworthy of the condition of affairs in the soldiers' home in Lafayette, where the old soldier with his loving wife is allowed to pass away the last days of his life. The insane asylums and the institute for feeble minded youth, Mr. Roots says, are crowded and it was the belief of the committee that there should be additional buildings to provide for the hundreds of insane and feeble minded who have applied for admission and cannot be accepted. In the poor farms of the state there are more than 400 insane and in the jails there are between forty and fifty. There are on file 207 applications for admission to the feeble minded institute. Although the governor has the power to send insane prisoners to the insane asylums he is compelled to allow fourteen of them to remain in the northern prison because there is no room for them in the asylums.

The appointment of this commission by the governor does away with the annual junkets made by committees to the institutions of the state. Heretofore the house and senate committees have visited the institutions during the sessions of the legislature often breaking a quorum and delaying legislation, while, at the same time, reliable information was not gained by the junkets. Mr. Roots believes that a state which is annually paying $1,000,000 of debt will not refuse to provide for its wards. It is the desire of the people of the state to build up not tear down its charitable and educational institutions.

Heretofore trustees and superintendents have been compelled to go to Indianapolis and lobby for appropriations to maintain the institutions. Under the law which provides for the commission a thorough report of the condition and necessities of the several institutions is made to the legislature and there will be no lobbying. The committee will make its recommendations for improvements, and those most needed will be made first. They are ably qualified to consider all phases of the management and control of the institutions. Mr. Roots is a banker, Mr. Goodwine a lawyer and farmer, and Mr. Herod a contractor. All plans for improvements and new buildings are submitted to the latter gentleman and from his estimates recommendations are made.

The members of the commission will remain in the city all day. They were joined by Superintendent Johnson this morning and together his report was gone over. The legislators were favorably impressed with his recommendations for new buildings, and Mr. Roots expressed the belief that appropriations would be made for their erection. During the day Messrs. Roots, Goodwine and Herod were guests at the home, and when they leave will be thoroughly conversant with all its needs.

HURT BY A FALL.

Herschel Haines the Victim of an Accident.

His Left Arm Fractured—George Gransberger Fell Down Stairs—T. J. Hofer in a Runaway Accident.

Herschel Haines, an employe of John H. Brecheisen, the Fairfield avenue grocer, was pulling a wagon out of the barn this morning when he fell and sustained a fracture of the bones of his lower left arm. The man was taken to the offices of Dr. W. M. Enslen, who reduced the fracture.

OTHER ACCIDENTS.

T. J. Hofer and and two sons, who reside north of the city, were driving out Wells street yesterday afternoon, when their horses took fright and upset the sled, pitching all three into the roadway. One of the horses was badly cut about the legs. None of the occupants were hurt.

George Gransberger, a pupil at the Zion Lutheran church, fell down stairs at the institution yesterday and alighted on his head. He suffered a concussion of the brain. Dr. Van Buskirk attended the lad.

BLISS WILL RESIGN.

Secretary of Interior Soon to Retire From the Cabinet.

WASHINGTON, Dec. 13.—It is very probable that Secretary Bliss will tender his resignation within a short time to the president. He has had the step under consideration for some time, deeming it necessary that he should be free to devote more time to his large business interests.

LOCAL LINES.

B. W. Skelton has returned from South Whitley, Ind., where he attended the funeral of C. H. Gasser, his uncle.

The Misses Kimball, of Chicago, who were guests of Mrs. Helen Nelson for a few days, returned home yesterday.

W. D. Page is attending a meeting of the trustees of the eastern hospital for the insane, at Richmond, today.

The letter carriers have received their new winter caps. They are gray in color and match the regulation uniforms.

The Wonderland theatre and musee is not open to the public this week, but business will probably be resumed next week.

The T. B. L. is issuing invitations for an oyster supper Friday evening at the home of Henry Meyer, seven miles east of the city.

Frank P. Webster has been appointed temporary clerk in the money order department of the postoffice, to serve during the holidays.

Joseph Berhalter, marshal of Kendallville, is in the city to testify against William R. Irvin, who is charged with passing counterfeit money.

An interesting mothers' meeting was held after school hours in the Lakeside building yesterday afternoon and was attended by about thirty ladies. Miss Montgomery, of the training school, and Dr. Bulson, were among the speakers.

Mrs. Ivers Leonard and daughters are expected in the city this week, from Fort Crook, Neb. They expect to spend the winter with Mrs. Leonard's parents, Mr. and Mrs. H. C. Hartman, as Lieutenant Leonard will go to Cuba with his regiment.

Henry Zurmuehlin has arrived in New York from Germany. The steamship Bremen, on which he took passage, was about a week overdue, and its delay caused a good deal of apprehension. Mr. Zurmuehlin visited his parents in the Fatherland.

LAST, LONG REST.

Aged Citizens Pass to the Land of Immortality.

Departed Ones are James Leach and Anton Fischer.

They Had Lived in Fort Wayne for Many Years.

Demise of Otto Ferckel—Little Phelps Brizzolari Closes His Eyes in Eternal Sleep—The Funerals.

James Leach, an old and well known citizen, passed away at 2:15 o'clock this morning at the residence of his son, John T. Leach. The cause of death was the infirmities incident to old age. The deceased was a veteran employe of the Pennsylvania machine shops up to twelve years ago, since which time he has lived a retired life with his son, at 83 Laselle street. He was born in Rochdale, England, December 13, 1818, was married in Newton Moorcheshire, England, in 1844, and his wife died in this city in 1875. The union was blessed by seven children, five sons and two daughters, all of whom save John T., preceded the father to the unknown land. Mr. Leach with his family came to Fort Wayne from England in November, 1868, and has since been a resident of the city. Up to his retirement from active life he was well known, and was always esteemed by his associates and fellow workmen. The deceased was a member of the order of the Sons of St. George, and also the Amalgamated Society of Engineers, Machinists, Millwrights, Smiths and Pattern Makers, the latter an organization of great strength in England. Until a few weeks ago, Mr. Leach was in fairly good health, and in his last illness he suffered little, but the naturally robust constitution had given away, and as the eightieth anniversary of his birth was being ushered in, his spirit quietly and peacefully passed to its Maker.

The funeral will be held from the residence of Mr. Leach, 83 Laselle street, Thursday afternoon at 2 o'clock.

FISCHER.

At an early hour this morning Anton Fischer, one of the pioneers of Fort Wayne, died at his residence, southwest corner of Hoagland avenue and Butler street. His death was due to the infirmities of age, from which he had been failing for a year past. Mr. Fischer was a resident of this city for more than half a century and was widely known and esteemed. For many years he resided on South Fairfield avenue, the old Fischer homestead being one of the landmarks of the county.

He was active in life up to a few years ago, when he moved to the place of abode which he kept until his death. There is only one older living member of Fort Wayne lodge No. 14, I. O. O. F., than Mr. Fischer. He is Abraham Oppenheimer. The deceased was nearing his eighty-seventh year, being at the time of his death eighty-six years and seven months old. The widow and five children are left to mourn his death. The children are: Frederick, Anthony and George Fischer; Mrs. Gottlieb Haller and Mrs. Kimmell.

The funeral will take place Thursday at 2 o'clock from the house and will be conducted under the auspices of Fort Wayne lodge No. 14, I. O. O. F.

FERCKEL.

At midnight Otto H. Ferckel died at the home of his mother, on Clinton street, of a complication of bronchial and other diseases. The deceased was twenty years of age and leaves a wife, three sisters and three brothers, in addition to his mother, to mourn his loss. The young man was married to Miss Sophia Schulte May 28, 1898, and shortly thereafter he was taken seriously ill, failing rapidly. His death was unexpected. The brothers and sisters are Messrs. Martin, Charles and William Ferckel, the latter of New York City, and Mesdames John Pfeiffer, Gustave Selle and William Cramp. The deceased was a member of Salem Reformed church and the funeral will take place from that church Thursday afternoon.

BRIZZOLARI.

After an illness of several weeks little Phelps Brizzolari, the interesting son of Mr. and Mrs. William Brizzolari, of 253 West Wayne street, closed his eyes in eternal sleep at 4 o'clock this morning. Death was due to a complication of congestion of the brain and blood poison. Master Phelps was an exceedingly bright child and was sunshine for the entire neighborhood where he dwelt. His age was four and a half years. The funeral will be announced later.

ZOLLINGER.

The funeral of Mrs. Carl Zollinger will take place Wednesday afternoon at 1:30 from the house, 75 Dawson street, and half an hour later from Salem Reformed church.

IT is reported that Admiral Dewey would like to return to the United States. A few score millions of his fellow citizens would like to have him return, and when he comes there will be a mighty uproar of enthusiasm from 'Frisco to Tom Reed's state.

AMERICANS are becoming more and more a nation of smokers. Very few persons realize how large a proportion of our population is addicted to the smoking habit, or what vast sums of money are annually expended in its maintenance; yet almost 25,000,000 persons in our country smoke at a cost of $800,000,000 a year.

THE horse will probably find its occupation gone in Germany sooner than anywhere else. The Berlin Omnibus company has now electric motors on nearly all of their vehicles, and the number of electric cabs is daily increasing in that city. Moreover, the good roads enable the farmers to use motor-wagons, and they are used to a great extent for transportation purposes.

FOR sometime to come the United States and Spain must get along without any treaty to regulate commerce between the two countries. An effort was made at Paris to secure an arrangement with the Spanish commissioners looking to the revival of the old treaties until they could be replaced by others, but this having failed no negotiations for new commercial treaties will be undertaken before ratification of the peace treaty.

DR. E. C. SPITZKA, the alienist, declares his disbelief in the existence of any disease like kleptomania, which causes women to indulge in the form of theft known as shoplifting, which just now appears to be epidemic in New York. He does admit, however, that the tempting displays of the shops appeal strongly to women of weak minds, and that one in one hundred shoplifters may be insane.

JAPAN, according to the Philadelphia Record, is the first oriental nation to fully appreciate the advantages of the electric current. This country has electrical engineering colleges, publishes a paper devoted to electrical interests, and yearly expends large sums of money sending representatives to foreign countries to investigate the practical applications of electricity. It has quite extensive telephone connections, and is at present laying a submarine cable, manufactured in England, but laid entirely by Japanese engineers, and moreover, is adopting the trolley as fast as circumstances will permit, changing over after the American style the various horse-car lines, especially those of any considerable length. Indeed, in this respect Japan is ahead of some of the continental countries of Europe.

THE proposition to so amend the city charter that the board of water works trustees shall be abolished and the duties now performed by that branch of the city government devolve upon the board of public works has on several occasions heretofore been advocated by THE SENTINEL. Many good ends will be reached by such a change in the charter and it is gratifying to note that there is an effort being made to bring it about. As pointed out in the news columns of THE SENTINEL yesterday, when the last amendments to the charter were made and the time of electing city officers changed, by some oversight the board of water works trustees was not included in the scope of the amendment. It will therefore be necessary to hold an election in the spring of 1900 to elect a new board unless the board be abolished at the forthcoming session of the legislature. Action should be taken promptly and an effort made to get the approval of as large a majority of citizens as possible.

LAST April Gen. Fitzhugh Lee, then consul general at Havana, left the Cuban capital. War was imminent, certain. As he left the Spanish populace jeered him in the streets. Captain General Blanco would not have his siesta disturbed to take farewell of the American consul. In short, the whole course of treatment of General Lee was unfriendly, even hostile. As he sailed from the harbor where the Maine was destroyed he exclaimed: "Wait till we come back. You'll whistle another tune." General Lee is going back. He has already sailed. He starts somewhat later than he once thought to start. But that is due to incidents not of his own making. Spain got thrashed too suddenly to permit the original program to be carried out. When the war began it was thought an assault on Havana would be necessary and General Lee would have rode at the head of the victorious column had the city fallen in battle. As it is he goes back to become the military governor of the island. Blanco will not be there to welcome him. He has skedaddled in time to spare himself that humiliation. General Lee is going back, but Spaniards will whistle no tune at all. They have no heart for music.

MR. POWERS TONIGHT.

This is What the Late Frances E. Willard Said of the Noted Impersonator.

Tonight Leland T. Powers will appear at Princess rink in the Woman's Club League entertainment course. This is what the late Frances E. Willard said of this noted impersonator:

"Have you ever heard Leland T. Powers? Well, you will, unless you hibernate or emigrate. He comes in full dress upon the stage, and undertakes to make you see the thirteen characters in 'David Copperfield.' Without a bit of scenery or a particle of costuming, he produces David, Steerforth, Peggotty, Micawber, Heep and others, his voice, expression and action changing so completely while you look and listen, that the metamorphosis seems little less than magical. The great heartedness of Fisherman Peggotty; the manliness of David, the expansive oratory of Wilkins Micawber, all alive before your eyes. The good is everywhere held up, and the bad denounced, and Uriah Heep's 'meaching' diabolism excites the universal moral nausea that it ought. One feels that Mr. Powers has discovered a new field, and one that gives what is good in the drama without its abominations."

ONE OF THE BEST FEATURES

Of the Pyramid Pile Cure

Is the fact that it cures every form of piles without one particle of pain. This desirable point is not obtained by the use of injurious opiates which simply deaden and paralyze the nerves of the parts and make matters worse in the long run. But it is done solely by its remarkable healing and soothing effects.

And while it thus gives immediate relief, at the same time the disease is not merely checked, but a radical cure is rapidly accomplished.

And the point we want to make clear is that all this is done without a particle of pain.

This fact is one reason for the great popularity of the Pyramid Pile Cure and constitutes one very great difference between it and almost any other kind of treatment for piles.

Every kind of surgical operation for piles is excruciatingly painful besides endangering the life of the patient and in most cases is not to be compared with the Pyramid Cure, neither in making successful cures without pain nor in cheapness and safety.

The Pyramid Pile Cure has been before the public too long, and its merits recognized by too many people to allow it to be classed with the many salves, suppositories, pills, etc., and you run no risk in trying it, as is often the case with new and untried preparations.

If you are ever troubled with any form of piles or rectal disease do not forget the Pyramid Pile Cure. Prepared by the Pyramid Drug Co., Marshall, Mich., and sold by druggists at 50 cents per package.

FATAL GAS EXPLOSION.

Three Men Killed and Two Hurt and a Building Wrecked at Connersville.

RUSHVILLE, Ind., Dec. 13.—Three men killed, two others fatally injured and the destruction of $15,000 worth of property is the result of a gas explosion in the shoe store of Henry Luking, in Connersville, late yesterday afternoon. The dead:

J. D. McNaughton, plumber; blown 100 feet and crushed against a telephone pole.

Thomas O'Neill, plumber; crushed in falling building.

Patrick Ready, blacksmith; crushed in falling building.

The fatally injured:

Dr. George T. McNutt, both legs broken; injured internally.

Henry Luking, crushed.

Seriously but not fatally hurt:

Frank Buckley, crushed by falling walls.

Henry Luking detected escaping gas in his store and a few minutes later was overcome. Dr. McNutt was summoned and plumbers were called in. They had just entered the building when it blew up with a terrific report. The dead and wounded men were dug from the ruins of the building an hour later.

Charges Have Been Filed Against Officer Madden.

Suspended Yesterday Afternoon and Will Appear Before the Board of Safety This Evening.

Superintendent Gorsline yesterday afternoon suspended Officer Pat Madden from the police force for violating one of the rules of the police department. Charges have been preferred and the officer will have a hearing before the board of safety this evening. Officer Madden is a member of the day force and has been a policeman something more than two years.

POLICE NEWS.

Superintendent Gorsline has received a letter from Superintendent Charlton, of the Plainfield home for boys, requesting him to recommend a competent baker who neither drinks nor smokes. Such a young man will be given a permanent situation.

The Home Telephone company has placed a desk telephone in the office of Superintendent of Police Gorsline.

FROM THE COLON.

Shield, Crown and Scrolls of Spanish Warship to be Brought to Washington.

WASHINGTON, Dec. 13.—Assistant Secretary Allen received a letter today from Commodore Farquar, commandant of the navy yard at Norfolk, saying that the shield, crown and scrolls of the Spanish cruiser Cristobol Colon, now at the yard, can be easily transported. Commodore Farquar says the whole arrangement forms an ornament seven feet high, twenty-two feet ten inches long and weighing 1,571 pounds. It is made of bronze, of artistic design and workmanship. The trophy undoubtedly will be brought to this city, but owing to its weight and size the authorities are somewhat at a loss to know where to put it.

NORTHERN INDIANA NOTES.

Diphtheria is epidemic in South Wabash.

John Croma, sr., aged eighty, a pioneer citizen of Noble county, is dead at his home near Kendallville.

Ferdinand Reinbold, near Winamac, while marketing a load of wheat, accidentally fell under his wagon and was killed.

A special term of the Blackford circuit court has convened in Hartford City to try Albert Musser for the murder of Louisa Stoltz, at Portland, last February.

Robert Steed, a pioneer of Jay county, died a few days ago. In looking about the house where he lived sums of money amounting in all to $3,500 were found hidden in various places.

William Shearer, aged fifteen, of Andrews, was shot in the foot by the accidental discharge of a gun while hunting and the member was so badly mangled that amputation was necessary.

Joseph Rosenthal, a capitalist, of Peru, was seized of paralysis yesterday while at Louisville, Ky., and his condition is alarming. It is the second time he has been stricken, having once before been prostrated while at Kokomo.

Three houses of notoriously bad repute in Warren were raided the other night by officers from Huntington. The local officers of Warren could not be prevailed upon to take action and the members of the common council and a party of citizens visited Huntington, got the county prosecuting attorney, his assistant and several special officers. Proceeding to Warren the houses were raided and seventeen inmates arrested.

KILLING THE PEOPLE.

Fumes From Butte's Big Smelters Have a Deadly Effect.

SALT LAKE, Utah, Dec. 13.—A special to the Tribune from Butte, Mont., says: Five deaths occurred in Butte, which are claimed to have been caused by the dreadful sulphur and arsenic fumes from the smelters. Many people who can do so are leaving the city to get out of the smoke.

A mass meeting of citizens has been called to take steps against the deadly nuisance. The five persons whose deaths it is claimed are directly due to the deadly fumes are:

Edwin H. Irvine, Mrs. Henrietta Levy, Frank Rochester, Catherine Sullivan and John Goodnow.

Last night the smoke was more dense and suffocating than ever. Threats are made and it is feared that some violence may result from the public meeting.

Telephone War in Ohio.

SPRINGFIELD, Ohio, Dec. 13.—At the meeting of the board of public affairs yesterday afternoon Solicitor Richardson of the Central Union Telephone company of Chicago, presented a schedule of rates for telephone service, making a reduction of 25 per cent, the business service to be $42 and the residence $27. At Columbus the Springfield Telephone company was incorporated with a capital stock of $50,000. This company has applied for a franchise here and will make a fight before the council today. The Central Union will attempt to prevent the new company from coming into the city.

Snow Storms Delay Trains.

CLEVELAND, Ohio, Dec. 13.—Trains from the east are arriving from one to two hours late today owing to the heavy snow storm of last night. The high wind accompanying the snow has caused big drifts to be formed along the railroads east of this city. There has, so far, been no delay to the trains from the south or west. The wind is blowing thirty-six miles from the northwest and the temperature is falling rapidly.

Notice to Gas Consumers.

A Cure for Constipation.

I was troubled with constipation for several years, and frequently went for nine days without my bowels moving. I spent several dollars for the cure of same but without success. This last winter a salesman insisted on me buying some Ramon's Liver Pills and Tonic Pellets, remarking that they were the 'best on earth.' I laughed at the idea but purchased one dozen boxes. Since that time I have used three boxes and am now enjoying the best of health. I recommend them to my customers and the result is I have sold six dozen boxes already. —M. J. Browning, druggist, Germantown, Ky. Jan1

There are three periods in all life—the time of the bud, of the flower and of the perfect fruit. It is thus that girlhood emerges into womanhood and womanhood into motherhood. Almost all of the ills from which women suffer have their inception in weakness and disease of the feminine organism, which bears the burdens of wifehood and motherhood. These disorders usually begin with puberty, childbirth or with the "turn of life." Thousands of women suffer silently for years in this way, rather than undergo the examinations and local treatment insisted upon by the majority of physicians. This is unnecessary.

An eminent and skillful specialist, Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., long since discovered a wonderful medicine that will cure all troubles of this nature in the privacy of the home. This medicine is known as Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs that make wifehood and motherhood possible. It makes them strong, healthy and vigorous. It allays inflammation, heals ulceration, soothes pain and tones up the nerves. It banishes the indispositions of the period of impending maternity, and makes baby's advent easy and almost painless. It transforms weak, sickly, nervous invalids into happy, healthy wives and mothers. All good medicine dealers sell it, and no honest dealer will urge a substitute upon you.

Dr. Pierce's Pellets cure constipation.

THE W. W. KIMBALL CO.

HAVE SOLD From Their Fort Wayne Store April 1st, 1894, to December 1st, 1898 861 PIANOS and 627 ORGANS

A total of 1,488 Instruments for which they received $228,440.74—1,488 Instruments in 56 months; an average of 26 4-7 sales a month, or a little more than One Sale for Every Working Day. A remarkable record, is it not?

BEFORE the W. W. Kimball Co opened a store here the Fort Wayne Piano and Organ trade was in the hands of local dealers who obtained their Instruments upon such terms that they cost to much, and in turn the retail purchaser paid to much. Every dealer's stock is graded as to price. The men's furnishers carry neckties worth $1, 75c, 50c and 25c. As we remember Fort Wayne prices of five years ago, they run from about $300 00 for the instruments that may be compared with the 25c necktie to about $650.00 for the best grades. In other words, local dealers sold their leaders or best pianos for about $650.00 and their tail enders or worst pianos for about $300 00. The W W. Kimball Co. come on the ground and the price of the very best Upright Piano is placed at about $450.00, and the tail ender drops to $165.00. Thus an average of $167.00 is saved to each of the purchasers of the 861 Pianos sold by the Kimball house, amounting to the comfortable sum of $143,787.00, to say nothing of immense sum saved to the purchasers of the large number of Pianos bought of other Fort Wayne dealers durlng the past 56 months; for it is a fact familiar to all that the prices obtained by these dealers have fallen, a sum averaging about as stated above and, in many cases, upon the same makes of instruments as were sold for the high prices of five years ago.

HOW IS IT POSSIBLE

For the Kimball house to *begin and continue* this sweeping cut in local prices? Here are the PLAIN FACTS:

First. With the largest working cash capital employed in manufacturing and selling Pianos, Organs, Pipe Organs, Stools and Scarfs on the Globe.

Second. With great resources in timber lands and mills.

Third. With the largest, most perfectly equipped factory ever builded upon the earth; where cases, beautiful in design, perfect in workmanship, made of the choicest of domestic and imported woods, heavy timber backs, sounding boards of spruce, key frames, Ivory keys and actions complete in every detail; are imade and assembled into pianos; where every part of the Reed or Parlor Organs IS MADE, and the magnificent Pipe Organ IS CREATED out of a mass of material of every sort and description.

All these vast resources of money and facilities, combined under one organization, of men who have worked their way up from small beginnings more than forty years ago to unquestioned leadership, make it possible to go straight from the factory door to the retail buyer with an instrument made of the best materials, in workmanlike manner, at a price that affords a fair profit to the manufacturer and makes it possible for the family in average circumstances to own and enjoy what but a few years ago was only within the reach of the wealthy class. All business houses make from time to time special or clearing-out sales.

A KIMBALL SPECIAL SALE WILL BEGIN TOMORROW, DECEMBER 14th.

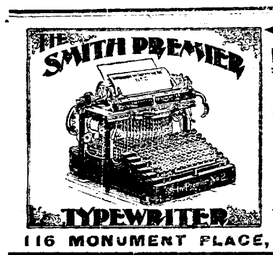

They now have in their Fort Wayne store and in the hands of Mr. Buell at Garrett, Mr. Ramsey at Huntington, and Mr. Burge at Silver Lake, $24,351.00 worth of PIANOS AND ORGANS. The regular Kimball "line" is comprised of THE KIMBALL, WHITNEY and HINZE PIANOS and KIMBALL ORGANS worth $450.00 to $235.00 for Pianos, and $100.00 to $65.00 for Organs. On this line of new, perfect instruments a special sale discount of 20 PER CENT. will be given, reducing the $450.00 Piano to $360.00, the $235 00 Piano to $188.00, the $100.00 Organ to $80.00, and to $65.00 Organ the $52.00. A number of Fresh, New Pianos, not included in the Kimball "line," namely, The Kingsbury, the Lighte & Co.'s, the Schubert, the Fisher and the Hallet & Davis, will be offered at practically the same margin over actual cost that you will be obliged to pay for the Kimball instruments. if you want cheap Pianos we have them with carved panels, full length music desk and roll fall board, large size, for $124.00.

TERMS—2 1-2 per cent off for 1-4 cash. 5 per cent off for 1-2 cash. 7 1-2 per cent off for 3-4 cash. 10 per cent off for all cash.

On time sales a cash payment of 10 per cent will be required, the balance to be paid at $3.00 to $15.00 per month. Deferred payments will bear 6 per cent interest. Kimball hall and reception rooms will be open to all visitors during this sale. The terms of this sale apply to goods in hands of Mr. Buell at Garrett, Mr. Ramsey at Huntington, and Mr. Burge at Silver Lake, as well as at our Fort Wayne store. The Kimball company are one-price dealers. At the end of this special sale prices will be restored to the regular list.

INSTANTLY KILLED.

Henry Ross Struck by a Pennsylvania Train.

Freight Blockade Becoming a Serious Affair Important Sale of Boilers --Local Gossip.

At 7 o'clock last night, as Pennsylvania train No. 7 was spinning along at a mile a minute gait, the engine collided with a buggy at one of the crossings near Inwood, Ind., killing Henry Ross, the only occupant of the rig, and smashing the vehicle into splinters. The horse escaped injury from the collision, but was slightly hurt in the runaway that followed. Ross rode in a top buggy and had his head swathed in mufflers, and it is presumed that he did not see nor hear the train approaching, although the usual warning was given. The pilot struck the vehicle midway and Ross was thrown against the front end of the locomotive with such force that he was killed instantly. The body and a portion of the buggy remained on the pilot until the train was stopped, when they were removed by the enginemen and trainmen. The accident was due entirely to the carelessness of the driver and no blame can be attached to the trainmen. Engineer H. A. Durnell and Fireman Polhamus had charge of the engine.

Clerical Change in Mr. Tibbles Office.

Tomorrow A. H. Kaiser retires from the clerical position he has filled at the Pennsylvania company's yard office for several years. Mr. Kaiser has purchased of Mrs. Busching the stock of groceries at 124 Wallace street and will hereafter devote his time and energies to business of that character. The store will be closed for inventory Friday, and Saturday morning be reopened under the new management. The vacated place in the yard office will be taken by Walter Gerberding, who has been employed in a clerical way in the freight department for some time.

T. J. Guinn Promoted.

George Ohneck received a letter yesterday from his brother-in-law, T. J. Guinn, formerly employed in the Pennsylvania offices in this city, but who for some years has been engaged as a telegraph operator on the Denver and Rio Grande. The letter announced that Mr. Guinn had been advanced to the position of chief train dispatcher of the third division of the Denver and Rio Grande, with headquarters at Salida, Col.

Freight Blockade Becomes Serious.

All the Nickel Plate yards and sidings here and elsewhere east of Buffalo are fast filling up with loaded grain cars. The blockade at Buffalo is a more serious affair than it promised several days ago and nobody can tell when it will be broken. So far the Nickel Plate has received and moved out of Chicago all the freight offered it, but a scarcity of cars and lack of facilities for storing many more of them will soon compel the company to cease receiving freight. So far other lines have experienced no trouble of this kind, but they are expecting it and word has gone out to the western grain shipping points to not forward any more grain than is absolutely necessary to prevent too great an accumulation at the elevators.

Big Deal in Boilers

Yesterday the Bass Foundry and Machine company was awarded the contract of equipping a large boiler plant for the American Steel and Wire company, of Anderson, Ind. The contract calls for eight boilers, of 150 horse power each, with fronts, stacks and all the fixtures and trimmings, and they are to be high grade, such as the Bass works always turn out.

Personal and General.

H. Dieckman, of the east car shops, is disabled by a huge boil upon his right arm.

Nickel Plate Brakeman E. M. Young has reported for duty after a few days' sickness.

Chief Train Dispatcher W. H. Tigar went to Chicago this morning in his official capacity.

O. W. Lehman, George Bireline, George Killen and F. Schram, of the Pittsburg shops, are on the sick list.

R. A. McCarthy, who had been taking a brief rest, resumed work on the Pittsburg yesterday. He is a brakeman.

F. Klienrichert, a car builder at the east shops, has gone to the country to help his folks during the annual butchering season.

Nickel Plate engine 105 has been turned out of the shops, after light repairs. Engine 25 went in the shops for light repairs yesterday.

E. Obenchain, Nickel Plate brakeman, is sick and off duty. Brakeman C. H. Rice, of the same road, is off duty on account of private business.

Nickel Plate Engineer T. E. Short, who had been staying about home on account of the serious illness of his wife, resumed his run yesterday.

Engine 95, just out of the Stony Island shops, has resumed its place in the freight service in the Fourth district, in charge of Engineer F. Dunann and Fireman A. Lawson.

Ed Benedict has resigned his position at the east yards and will go to Denver, Col., Ill health compells him to take this step. Mr. Benedict has been employed in various capacities for several years by the Pennsylvania company.

Nickel Plate Engineer C. F. McFee is taking advantage of the freight blockade to attend to some private affairs, and he has been granted a lay off for that purposes

Mrs. Stephen Schallenberger, wife of the foreman of the Pennsylvania car inspectors, is very sick, being afflicted with a compication of maladies in which lagrippe predominates.

The Pittsburg and Lake Erie road, which is now putting a lot of new rolling stock into service, is said to have the largest number of freight cars per mile of any of the American roads.

It is stated that the Chicago and Great Western has promised to withdraw its low freight rates on January 1st. The reduction was the cause of the annuiment of all traffic relations by a number of roads.

The Michigan Central, the Grand Trunk and the Canadian Pacific are said to be trying to secure control of the Grand island bridge. It will probrbly result in an arrangement by which the three roads can jointly use it.

Frank Fankhauser, E. R. Brown, H. Beneke, R. Krull, R. Lansdown and S. C. Soliday, of the east car shop, are at work again, after an absence of from two days to two weeks on account of accidents or sickness.

Tomorrow the Big Four employes at Lindale, near Cleveland, will open a railway reading room, to be conducted under the Y. M. C. A. President Ingalls and General Manager Schaff are to be the chief speakers.

The Pennsylvania railroad has notified agents of the Pennsylvania company that holiday excursion tickets will be sold only to Baltimore and Boston, and not to New York, Washington and other eastern points reached by that line.

Yardmaster Theodore Bly, at the east yards of the Pennsylvania company, will be on the absentee list a few days. Yesterday he slipped on the ice and sprained one of his legs. Art Stevens is performing Mr. Bly's duties in the yard.

E. Mangey was hurt two weeks ago in the east car shops, but recovered in a few days sufficient to resume work. Yesterday the injury became more painful than ever and now threatens to be quite serious. The unfortunate man had to quit work.

Some of the Pennsylvania company's freight engines, of the class B pattern, are receiving larger tanks. One has recently been attached to No. 235 that will hold 4,500 gallons of water and eleven tons of coal. The old tender had a capacity of 3,900 gallons of water and eight tons of coal.

The "Locomotive Engineering," of which Angus Sinclair is the editor, was a great loser by the recent big fire in New York city. The subscription books were destroyed and Mr. Sinclair requests subscribers to send in their names in order that he may prepare a new list.

Flour rates from Minneapolis east are now the lowest ever known —19½ cents, Minneapolis to New York, on domestic flour, and eighteen cents on flour for export. The Chicago Great Western, which initiated the rate, is getting from 100 to 125 carloads of flour from the Minneapolis mills daily.

L. P. Palmer, late chairman of the Joint Traffic association, passenger department, now signs his name to all documents as commissioner of the passenger department. The passenger and freight committees continue to hold their usual meetings, but are supposed to refrain from making any joint traffic agreement.

C. A. Blount, for several years shop clerk for the Lake Erie and Western at this point, resigned that position yesterday. He has been endeavoring to get into the train service, either as brakeman or fireman, and has at last succeeded. He has taken a position of fireman on the Michigan Central, with headquarters at Bloomington, Ill.

It is understood that at the meeting tomorrow, in Chicago, of the passenger officials of the roads in the Central Traffic association the special half rates for soldiers and sailors on sick leave and those returning from the war will be withdrawn, as most of the men have been brought home, and some of the transportation gets into hands of persons not entitled to reduced rates.

William Volkening, of the Bass blacksmith shop, is sick.

The Electric corporation today shipped a 125-light arc machine to Baltimore, Md.

John Meyers, of the Wabash boiler shop, went to Toledo this morning to do some work for the company.

Fred Hilgeman has recovered from his recent illness, and is working again in the factory of Rhinesmith & Simonson.

The chief clerks of the Pennsylvania company, transportation and motive power departments, are holding a special meeting in Pittsburg today. J. T. Leary and Robert Learmonth are in attendance.

One of the big Richmond compound engines recently put into service on the Wabash, was taken into the shops in this city for repairs this morning. This class of engine is said to give good satisfaction.

The board of directors of the Eclipse Novelty company held a meeting last night to talk over the affairs of the concern. Business is good and the capacity of the factory is taxed to its utmost to meet the demand for the goods turned out by it.

The month of December promises to be a record breaker in the way of work turned out of the Wabash shops in this city. So far there have been thirteen engines repaired and turned out this month. If the present rate is maintained the month will show an output of over thirty. The mechanics are working overtime.

Samuel Bender will assume his old place at the puzzle switch in the Pittsburg yards tonight. Two weeks ago he and his family went out into the country to attend the funeral of a relative and while there one of Mr. Bender's children took sick and he was compelled to remain there until the little one was able to be moved to the city.

L. Lang, who was called to Chicago some days ago, to attend the funeral of his son-in-law, Dr. Schirmeyer, this morning resumed his duties in the Bass boiler shop.

An idea of how badly demoralized freight rates are at Chicago is shown in the fact that last week shipments of provisions were going forward at ten and twelve cents per 100 pounds to where the tariff rate is thirty cents.

IT IS SO!

Farm land is bound to raise in price before long. Now is the time to buy. I have a number of good improved farms to sell or trade. Can give possession any time. Money to loan at 6 and 7 per cent. interest. If you want to buy a home, don't forget to look at my list of houses and beautiful lots in all parts of the city.

Respectfully,

LOUIS F. CURDES,

Home Phone 622. 8 & 9 Pixley-Long Block.

MONEY!

Can be saved to no better advantage than by placing it with the

ALLEN COUNTY LOAN AND SAVINGS ASSOCIATION,

22 East Berry Street.

Any number of shares can be taken at any time. Six per cent. interest is paid on all classes of stock. No fees to investors. Money to Loan for any Purpose.

A Memorable Event

Will be the mark set by our Christmas sale. Although our business this season has been enormous, we still find ourselves with too many high grade suitings on hand, and in order to clean up this surplus stock, we started a special holiday sale this morning, which is bound to create a sensation among the good dressers of our city.

You'll Want to Be

"dressed up" on Christmas day, and we'll assist you in being well and fashionably clothed at the smallest possible expense to you. Step into our store any day between now and Christmas and make your selection from forty styles of Imported and Domestic Fancy Worsteds and Scotch Cheviots, which we will make to your order and guarantee a perfect fit and first-class workmanship for

$23.50.

Gentlemen! the Suitings we offer in this sale are strictly high grade and the choicest and newest things in the market. They are regular $30 values, and some tailors get as high as $35 for similar qualities and workmanship. This is a strictly cash sale and no goods will be charged at these prices.

A. W. Golden is at Chicago on business.

Mrs. Enid-Strasberg Myers has returned from Chicago.

Miss Georgia Sterits, of Chicago, is the guest of friends in the city.

Mrs. George Middleton is sick at her home, 271 East Creighton avenue.

Mrs. Leopold Levy, of Huntington, was a Fort Wayne visitor yesterday.

Mr. and Mrs. Lanternier, of Walton avenue, are visiting friends and relatives at Auburn.

The Carroll Reading club meets with Mrs D. C. Fisher this week, instead of Mrs. Fleming.

Judge and Mrs. Studabaker, of Decatur, Ind., returned home yesterday after a visit here.

Lee Hartman has returned for the holidays from Middletown, Conn., where he attended college.

Mrs. Thomas Doyle has returned to her home at Lima, Ohio, after a short visit with Fort Wayne friends.

L. G. Hughes, of Terre Haute, who sells the National bicycle, is in the city to place his wheel with dealers.

J. J. Henler has invented a new model of acetelyne gas lamp for domestic use and will apply for a patent on the same.

The Modern American Fraternal Order will give an entertainment and social on Thursday evening, Dec. 15th, at K. of P. hall, on Berry street.

Henry Schele has opened a wood and coal yard at 68 Murray street and will be ready for business in a few weeks. Mr. Schele was in the same business before the advent of natural gas.

The marriage of Warren S Rundell and Dr. Annie M. Stevens occurred yesterday morning at 8 o'clock, at 143 West Berry street. Rev. Dr. Moffat officiated. Mr. and Mrs. Rundell left immediately for their future home in Flint, Mich.

Frank M. Bashelier, who for ten years past has been connected with the Elkhart Review, has been engaged as advertising solicitor for the Gazette. He began his duties today. Mr. Johns will remain in the employ of the publishing company in other work.

Jack Walters, of Spy Run avenue, has gone to Pittsburg, where he will purchase an artificial leg of the J. W. Thompson company. He will take the agency for this house and will be able to furnish all kinds of artificial limbs. He will return home in a few days.

William Feiler, secretary of the Western Underwriters' association, has been in the city for the purpose of looking over the business of the company here. While in the city, Mr. Feiler appointed G. W. Boerger special agent for this district. Mr. Boerger has been the local representative of the company.

Last evening the home of J. Miller on Wells street, was the scene of a very pleasant double surprise party. The event was in honor of Mrs. J. Miller and Mrs. C. Noll, it being the birthday anniversary of both. The evening was most agreeably spent with music, dancing and games, after which a dainty supper in three courses was served.

The time of year has arrived when every horse left standing, if only for a few minutes, should be blanketed. A little money spent for a blanket may save the life, and always saves the spirit of the horse. It is the duty of officials to see that horses left on the streets are provided with blankets. This is no idle statement, but it is the duty of humanity to see that animals are not misused, and surely an officer has more force to his talk than any one else.

The Tippecanoe club has settled up all its bills which pertained to the minstrel entertainment, and the treasurer made a report to the club. The report was most satisfactory and yesterday the club paid off all its indebtedness and will start in the new year with money in the treasury. This is the first time that the club has been out of debt since it moved into its present quarters four years ago. The three minstrel entertainments have proved a source of revenue.

For you Xmas presents go to Loesch's, corner Barr and Wayne streets.

DISFIGURED FOR LIFE

Our little girl's humor commenced with a tiny sore on one nostril, but it kept on spreading till we thought she would never get it cured. We tried everything we could get, but it kept getting larger all the time, till both nostrils, the upper lip, a part of the lower lip, and up one side to the eye, were a solid sore. We thought there was no cure, and that she would be disfigured for life. Finally we tried CUTICURA REMEDIES. We used CUTICURA RESOLVENT and nearly a box of CUTICURA (ointment), and in a short time she was entirely well, with no scar or trace of the humor.

TORTURE PRISONERS

Bloody and Inhuman Work of the Philippine Rebels.

Have Ravaged North Part of Island of Luzon.

Friars are Treated With Shocking Cruelty.

Report Comes From Madrid That the Treaty of Peace May Not be Ratified by Spain.

SAN FRANCISCO, Dec. 13.—The Manila correspondent of the Hong Kong Press gives details of the shocking treatment of friars and other prisoners captured by insurgents in the northern part of the Island of Luzon.

General Leybe, who was sent by Aguinaldo to attack the cities in the extreme north of Luzon, sent a report to his chief that he had brought the entire section raided completely under the control of the Filipinos.

Leybe also mentions in his report the capture of 124 friars and lay brothers, many Spanish soldiers, with their arms and property, and silver and gold valued at $800,000.

The Press' correspondent states that from Spanish sources have come reports of terrible atrocities committed by rebels who are said to have looted the churches in the towns of Calgayan and Apairi.

The correspondent says:

"The bishop was subjected to the grossest indignities. The friars were beaten with sticks, kicked and hung up in the torrid sun for seven hours. The natives were forbidden to render the friars any assistance. During their greatest suffering, while hanging hungry and naked in the burning sun, Chinese and natives furtively supplied them with food and water.

"One aged friar was placed upon a horse's saddle and jumped upon until blood poured from his mouth and nose. Another, it is said, was clothed only in a rain coat, carried in triumph for 200 yards and then cudgeled to death among savage cries.

"Nuns in the convent were subjected to shameless treatment."

SPAIN MAY REJECT TREATY.

MADRID, Dec. 13.—It is asserted here that the premier, Senor Sagasta, will obtain a royal decree dissolving the chambers before the ratification of the peace treaty. The semi-official Correo announces that Senor Sagasta, before asking the cortes to ratify the treaty, will confer with Senor Montero Rios, president of the Spanish peace commission, and it is further asserted that, owing to the existence of opposition to the treaty in the United States senate, will not confirm it.

A dispatch from Iloilo, Island of Panaya, Philippine Islands, reports the situation there unchanged. General Rios, the Spanish commander there, is preparing to remove his troops to Mindanao.

CELEBRATE PEACE.

All is Ready for Atlanta's Big Jubilee.

President McKinley and Party Will Arrive Wednesday Morning—Distinguished Figures of the War.

ATLANTA, Ga., Dec. 13.—The citizens of Atlanta have completed all arrangements for the entertainment of their distinguished guests at the peace jubilee tomorrow and Thursday and but await their coming. Final meeting of all committees concerned in the arrangement for the big event were held today and every detail arranged. The president and party will arrive over the Southern railway at 9 tomorrow morning, and will be met at the depot by a reception committee of fifty, composed of Atlanta's most distinguished citizens and headed by Col. Livingston Mims, president of the Capital City club. The ladies of the jubilee committee will also be at the station to extend a greeting to the ladies of the presidential party. The first day will be given over to a visit to the capitol, a public reception and a floral parade, which will be reviewed by the president. A reception at the Capital City club in the evening will close the day's festivities.

The military and civic parade at noon on Thursday will also be reviewed by the president and party and at 3 o'clock the chief executive will address the public in the auditorium at Piedmont park.

Governor Candler will receive the city's guests at 5 o'clock and in the evening the banquet at the Kimball will be the concluding feature of the jubilee. Of the sixteen distinguished guests invited to speak, all have accepted save General Fitzhugh Lee, who is in Cuba, and Hon. Joseph W. Bailey. The list includes besides the president and members of the cabinet, Admiral Schley, Generals Shafter, Wheeler and Chaffee, Stephen O'Meara, of Boston, Governor Johnston, of Alabama; Constructor Hobson, Mayor Warwick, of Philadelphia, and Hon. John M. Allen, of Mississippi. Hon. Clark Howell, editor of the Atlanta Constitution, will preside as toastmaster.

The business portion of the city is handsomely decorated, the prevailing sentiment amid the masses of bunting everywhere being "One Country, One Flag."

MINERS ENTOMBED.

Reported That Fifty Men May Have Been Lost.

An Explosion in Coal Mines Near Poteau, I. T., Blocks the Mouth and Cuts Off Escape of the Men.

POTEAU, I. T., Dec. 13.—A few minutes after 9 o'clock last night, in mine No. 2 of the Indianola and Rathway Coal company, situated about three miles from this place, a terrific explosion took place. Five men are known to have lost their lives from the immediate effects, and about twenty three more are buried in the shaft.

The explosion was caused by the ignition of coal dust after a blast had been fired. It was something terrific and was very plainly heard in this place.

The timber work of the hoist was blown far into the air and the shattered remains immediately caught fire. Over 100 men were at work in the mine at the time of the explosion, and only about one half of these have been accounted for.

Those who escaped were employed in another part of the mine.

There seems to be little hope of rescuing the entombed miners, as the explosion literally rent the subways asunder, and there are hundreds of tons of earth to be taken away before they can be reached.

A hundred men are working valiantly to rescue their comrades. They are driven away at times because of the intense heat of the burning structure. It is probable that the interior of the mine is now burning, though at the present time this cannot be determined.

It is also impossible to ascertain the names of those who have been killed and are buried in the mine.

This is the second time within three weeks that an explosion has occurred in this mine, two men having been killed in the previous one.

JOY UNRESTRAINED.

That Explains the Dance of the Stonecutters.

Departing Members of the Craft are Given a Good Time at Hartman's Hall Last Night.

The Stonecutters' union gave a dance and supper at Hartman's hall last night, as a farewell reception to members of the craft from abroad who have been working on the new court house for more than a year past. The work is almost completed and the out-of-town workmen will leave for their homes in a few days.

The dance and supper was for the benefit of the stonecutters, their wives and sweethearts, and it was probably the jolliest of all social affairs ever given by this jolly set of fellows. Barnor's orchestra furnished the music. At a late hour a sumptuous feast was served.

TO REORGANIZE.

The Big Werner Publishing Company to be Started Again.

COLUMBUS, O., Dec. 13.—A special to the Dispatch from Akron, says:

A plan to reorganize the Werner company, the big publishing house, has been formed. Under an order of the court, the property will be sold January 18, when a committee consisting of Frederick B. Schenick and Joseph Parmlee, of New York; Joseph Barnegan, of Providence, R. I.; Gerald Wyman, of Boston; J. J. Sullivan, of Cleveland; George W. Crouse, of Akron, and Robert L. Stuart, of Chicago, will look after the creditors' interests.

SOLDIER AWAKES IN COFFIN.

Supposed Corpse Decides He is Not in Heaven or Purgatory.

TOPEKA, Kan., Dec. 13.—John Clark, an inmate of the Dodge City soldiers' home, apparently died, was placed in a coffin and the body was put in a room for the night, ready for burial the following day.

During the night a great noise was heard in the room occupied by the supposed dead man. Watchers rushed in and found Clark, who had kicked off the unfastened cover of the casket, sitting up and gasping for breath. Stimulants were applied and the man supposed to be dead revived, and is now alive to tell his experience in death.

President Gresham, of the home, said Clark related that he was seized with hunger and that his feet were cold. He said he did not believe he was in heaven, for he would not be hungry there, and he could not think himself in purgatory, for if he had been there his feet would not be cold.

NINE MEN KILLED.

Italian Trackmen Struck by a Train on the New York Central.

BUFFALO, N. Y., Dec. 13.—A special from Chittenden says that nine men, snow shovelers, were killed this morning on the New York Central, at Chittenden. In avoiding a passenger train, they stepped on another track in front of a freight train. Foreman John Werner and eight Italian laborers were killed.

THE HERO HONORED.

Funeral Services in Washington Over General Garcia.

Highest Respect Shown Memory of Cuban Leader.

Splendid Tribute to the Lion-Hearted Chieftain.

Generals Miles, Shafter, Lawton and Wheeler Among the Honorary Pall Bearers—Remains in Arlington.

WASHINGTON, Dec. 13.—The solemn high mass of the Catholic church was celebrated over the remains of Gen. Calixto Garcia, at St. Patrick's church today, before the body of the distinguished Cuban leader was committed to the vault in the National cemetery at Arlington. The service was notable in the distinguished gathering present.

All the honors of war that could be meted out to a national hero were bestowed by this government upon the lion hearted old Cuban.

Havana itself could scarcely have poured forth a larger crowd than gathered in and about the church and the most radical of the Cuban independents could not have picked a flaw in the official marks of consideration bestowed on the remains of their venerable leader.

The church was crowded when the procession entered, the coffin borne by soldiers and escorted by two companies of artillerymen. The Cuban flag draped the coffin. To the left in pews sat the honorary pall bearers, Gen. Nelson A. Miles, commanding the United States armies; General Lawton and Gen. Joe Wheeler, who were among the first to greet General Garcia in Cuba; General Shafter, who commanded the army of liberation; Col. John Hay, secretary of state; Senator Thurston, whose beloved wife lost her life nearly a year ago in visiting the unhappy island in behalf of the Cuban people, and Senators Proctor, Mason and Money, whose speeches in the senate upon conditions as they had seen them in Cuba, stirred the nation to indignation and action.

The coffin was deposited before the altar and the solemn high mass was begun. Those who officiated were:

Rev. Joseph McGee, deacon; Rev. Charles Warren Currier, of Baltimore, sub-deacon, and Rev. Clarence E. Woodman, C. P. B.

The sermon was by the Most Rev. John Ireland.

At the conclusion of the mass the body was transferred to the Arlington National cemetery with military honors. There it was deposited in a vault to await shipment to Cuba.

THE FEDERAL COURT

Bernhard Deck Gets Thirty Days and a Fine.

Jury Heard Evidence in the Bricker Case—Court Items of General Interest.

United States court convened in the government building this morning with Judge Baker on the bench and the United States officers all present.

Bernhard Deck answered to the charge of forging an order on the postoffice department. He was defended by Attorney A. A. Parman. After hearing the evidence Judge Baker fined Deck $50 and sentenced him to serve thirty days in the Marion county jail.

A jury heard the evidence in the case of Michael E. Bricker, who is charged with sending obscene letters through the mail. Evidence was in and the jury retired at 12:30 noon.

A number of civil cases were disposed of without trial by jury.

Irwin, the alleged counterfeiter, is being tried this afternoon.

The prisoner was sentenced to 100 days in the Indianapolis workhouse and to pay a fine of $50.

John M. Davis, the Ohio postmaster, and Dan Gurman will have their trials tomorrow.

R. B. Davis was fined $250 for sending improper matter through the mails.

LOCAL COURTS.

John Drambelbies this morning dismissed his injunction suit against the city.

Lillian Olmstead has commenced proceedings for divorce from George Irving Olmstead.

Anna C. Roehm has filed her bond as notary public.

The case of Christian Miller has been postponed until Wednesday. W. C. Ryan is in Indianapolis fighting requisition papers.

Eva M. Fulton was fined $1 and costs by Justice Huser for assault and battery on her husband, Walter Fulton. She settled and her husband was fined and sent to jail. Peter Niemeyer was fined twenty-five cents and costs by Justice France for throwing stones through a window in the home of Peter A. Kirchner.

Carl Brehm was fined $1 and costs by Justice France for selling mortgaged property to Horace Marriotte.

George McDowell was acquitted of a charge of malicious trespass preferred by Joseph Provert. Justice France tried the case.

On December 27th there will be a total eclipse of the moon, visible on all of the continents except Australia, and over the Atlantic ocean. The duration of the eclipse, exclusive of the penumbral phase, which is never perceptible, will be three hours, forty-nine minutes. The moon will be totally eclipsed one hour and thirty minutes. At the middle of the eclipse the moon will be in the zenith of an observer in longitude 5 degrees east from Greenwich, and in north latitude 23 degrees, 30 minutes—very nearly at the center of the Sahara desert.

BUTCHERY.

Terrible Atrocities Reported From Formosa.

Rebels Attack a Village, Loot the Houses and Murder the People—Great Disquietude Prevails.

SAN FRANCISCO, Dec. 13.—Terrible atrocities are reported from Formosa. Two hundred rebels recently attacked a village, surprising the people and looting the place. They burned thirty-seven houses. A Japanese police inspector and six constables perished in repelling the attack. One constable was captured alive. The insurgents fastened on his back the bloody heads of his companions and drove him before them into the woods. Reinforcements were sent to the village, where the mutilated bodies of the victims were found. One constable who escaped, killed his own wife and child with his sword to prevent them from becoming captives. He was then killed by the savages. There is much disquietude among the inhabitants of Hankow since the recent fire, in which 3,000 people lost their lives. Several smaller fires have occurred since, all believed to be the work of incendiaries. The Shanghai Daily Press says five Chinese were caught in the act of igniting as many dwellings. They were thrown into the flames and burned alive.

DRAIN KANKAKEE MARSH.

Syndicate is Formed to Reclaim Valuable Sugar Beet Land.

KANKAKEE, Ill., Dec. 13.—The greatest drainage district ever formed in Indiana will reclaim 120,000 acres of Kankakee marsh land. B. J. Gifford, Kankakee, has charge of the formation of the district, and began preliminary work yesterday. Mr. Gifford, together with Nelson Morris, of Chicago; General Shelby, of Kentucky, and the Baud brothers, of Crown Point, Ind., own most of the tract to be reclaimed.

In order to secure a proper outlet the Kankakee river will have to be dredged and straightened for a distance of more than forty miles. The estimated expense of dredging the river exceeds $400,000. The land to be reclaimed is in Newton, Jasper and Lake counties, Ind., and at least half of it is submerged at present. When reclaimed it will be the best beet sugar ground in the country, it is said.

The land comprises about one-half of the celebrated Kankakee marshes.

Several large dredges will be constructed this winter.

MUNICIPAL AFFAIRS.

Water Works Trustees Will Submit Contract for Engine.

The City Council Will Meet Tonight and Discuss the Tunnel—Interesting News in City Hall.

The water works trustees held a regular meeting last evening and before adjournment decided to submit to the council tonight the contract of the Holly Manufacturing company for a new water works engine and pump. The bid is $20,500. L. A. Centlivre met the board and discussed his plans for getting nothing but rock water for the city's use. P. J. Scheid, chairman of the council water works committee, also met with the committee.

THE TUNNEL.

The committee on streets will make a report tonight in favor of building a tunnel on Clinton street under the Pennsylvania and Wabash railways. A canvass of councilmen shows that a majority of them will favor building a tunnel at Harrison street, while still others will oppose any tunnel. One councilman, it is understood, has investigated the matter and finding that the council has no jurisdiction whatever, will advocate dropping the matter altogether and allow the board of works to do without recommendation the work that the charter provides that the board alone can legally do.

BOARD OF WORKS.

The board of works yesterday awarded the contract for building the proposed sewer in the alley north of Elm street to Anton Rieg, at forty-four cents per lineal foot.

A petition asking that Nelson street be opened from Washington boulevard to the St. Mary's river was received and the engineer was instructed to prepare a plat of the street.

SUNDAY SCHOOL WORK.

Inspiring Meetings of the Allen County District Sunday School Organization.

The Allen county district Sunday school conventions were held last week at Monroeville, Maysville and Nine Mile. The meetings were all very inspiring. State Superintendent C. D. Meigs was present and gave some very helpful talks. He was assisted by Rev. S. H. Yager, of Waterloo, who is very prominent in the work. The Christain people of Allen county have never shown more zeal for this work, which is regarded today as the great right arm of the church. The following county officers were elected for the ensuing year:

President—E. A. K. Hackett.
Vice President—J. W. VanBuskirk.
Secretary—Miss Ida Gorman.
Assistant Secretary—Nellie Pratt.
Treasurer—J. D. Gloyd.
Superintendent H. C. D.—Mrs. O. J. Bowser.
Assistant Superintendent H. C. D.—Miss Anna Valere.

TO SEE STATE HOME

The Roots Commission Arrived in Fort Wayne Today.

Visited the Home for Feeble Minded Children.

Tell of the State Institutions They Visited.

Will Probably Recommend That Additional Buildings be Erected at the Feeble Minded Home.

The legislative committee appointed by Governor Mount to visit the state penal, charitable and educational institutions, arrived in Fort Wayne this morning from Michigan City, where they visited the northern prison.

The commission came to Fort Wayne to visit the institute for feeble minded children. The members of the commission are Representative Francis T. Roots, chairman; Representative Strather Herod and Senator Goodwine. Mr. Roots is the originator of the law which authorized the commission, and Governor Mount honored him by making the Connersville representative chairman of the first commission.

A SENTINEL reporter visited the gentlemen at the New Aveline and found them willing to discuss their visits to the state institutions. The duties of the commission commenced on December 1 and since that date the legislators have visited the asylum for deaf, dumb and blind and the women's prison at Indianapolis, the girls' reformatory, the boys' reformatory at Plainfield, Purdue university and the soldiers' home at Lafayette, the northern hospital for the insane at Logansport and the prison at Michigan City. The commission sent interrogatories in advance to the trustees and superintendents of the different institutions and as each institution is visited the officers thereof have a report ready to submit to the commission.

After examining the report and discussing its contents with the superintendent of the institution, the commission then makes a personal investigation of the buildings. In this manner they can easily determine what the necessities really are. Before visiting the next institution, it determines what recommendations will be made for the one last visited.

Representative Roots, chairman of the commission, said to THE SENTINEL that he found all the institutions in the state so far visited, ably managed. He was especially praiseworthy of the condition of affairs in the soldiers' home in Lafayette, where the old soldier with his loving wife is allowed to pass away the last days of his life. The insane asylums and the institute for feeble minded youth, Mr. Roots says, are crowded and it was the belief of the committee that there should be additional buildings to provide for the hundreds of insane and feeble minded who have applied for admission and cannot be accepted. In the poor farms of the state there are more than 400 insane and in the jails there are between forty and fifty. There are on file 207 applications for admission to the feeble minded institute. Although the governor has the power to send insane prisoners to the insane asylums he is compelled to allow fourteen of them to remain in the northern prison because there is no room for them in the asylums.

The appointment of this commission by the governor does away with the annual junkets made by committees to the institutions of the state. Heretofore the house and senate committees have visited the institutions during the sessions of the legislature often breaking a quorum and delaying legislation, while, at the same time, reliable information was not gained by the junkets. Mr. Roots believes that a state which is annually paying $1,000,000 of debt will not refuse to provide for its wards. It is the desire of the people of the state to build up not tear down its charitable and educational institutions.

Heretofore trustees and superintendents have been compelled to go to Indianapolis and lobby for appropriations to maintain the institutions. Under the law which provides for the commission a thorough report of the condition and necessities of the several institutions is made to the legislature and there will be no lobbying. The committee will make its recommendations for improvements, and those most needed will be made first. They are ably qualified to consider all phases of the management and control of the institutions. Mr. Roots is a banker, Mr. Goodwine a lawyer and farmer, and Mr. Herod a contractor. All plans for improvements and new buildings are submitted to the latter gentleman and from his estimates recommendations are made.

The members of the commission will remain in the city all day. They were joined by Superintendent Johnson this morning and together his report was gone over. The legislators were favorably impressed with his recommendations for new buildings, and Mr. Roots expressed the belief that appropriations would be made for their erection. During the day Messrs. Roots, Goodwine and Herod were guests at the home, and when they leave will be thoroughly conversant with all its needs.

HURT BY A FALL.

Herschel Haines the Victim of an Accident.

His Left Arm Fractured—George Gransberger Fell Down Stairs—T. J. Hofer in a Runaway Accident.

Herschel Haines, an employe of John H. Brechaisen, the Fairfield avenue grocer, was pulling a wagon out of the barn this morning when he fell and sustained a fracture of the bones of his lower left arm. The man was taken to the office of Dr. W. M. Ensley, who reduced the fracture.

OTHER ACCIDENTS.

T. J. Hofer and and two sons, who reside north of the city, were driving out Wells street yesterday afternoon, when their horses took fright and upset the sled, pitching all three into the roadway. One of the horses was badly cut about the legs. None of the occupants were hurt.

George Gransberger, a pupil at the Zion Lutheran church, fell down stairs at the institution yesterday and alighted on his head. He suffered a concussion of the brain. Dr. Van Buskirk attended the lad.

BLISS WILL RESIGN.

Secretary of Interior Soon to Retire From the Cabinet.

WASHINGTON, Dec. 13.—It is very probable that Secretary Bliss will tender his resignation within a short time to the president. He has had the step under consideration for some time, deeming it necessary that he should be free to devote more time to his large business interests.

They Had Lived in Fort Wayne for Many Years.

Demise of Otto Forckel—Little Phelps Brizzolari Closes His Eyes in Eternal Sleep—The Funerals.

James Leach, an old and well known citizen, passed away at 2:15 o'clock this morning at the residence of his son, John T. Leach. The cause of death was the infirmities incident to old age. The deceased was a veteran employe of the Pennsylvania machine shops up to twelve years ago, since which time he has lived a retired life with his son, at 83 Lasalle street. He was born in Rochdale, England, December 13, 1818, was married in Newton Moorcheshire, England, in 1844, and his wife died in this city in 1875. The union was blessed by seven children, five sons and two daughters, all of whom save John T., preceded the father to the unknown land. Mr. Leach with his family came to Fort Wayne from England in November, 1868, and has since been a resident of the city. Up to his retirement from active life he was well known, and was always esteemed by his associates and fellow workmen. The deceased was a member of the order of the Sons of St. George, and also the Amalgamated Society of Engineers, Machinists, Millwrights, Smiths and Pattern Makers, the latter an organization of great strength in England. Until a few weeks ago, Mr. Leach was in fairly good health, and in his last illness he suffered little, but the naturally robust constitution had given away, and as the eightieth anniversary of his birth was being ushered in, his spirit quietly and peacefully passed to its Maker.

The funeral will be held from the residence of Mr. Leach, 83 Lasalle street, Thursday afternoon at 3 o'clock.

FISCHER.

At an early hour this morning Anton Fischer, one of the pioneers of Fort Wayne, died at his residence, southwest corner of Hoagland avenue and Butler street. His death was due to the infirmities of age, from which he had been failing for a year past. Mr. Fischer was a resident of this city for more than half a century and was widely known and esteemed. For many years he resided on South Fairfield avenue, the old Fischer homestead being one of the landmarks of the county.

He was active in life up to a few years ago, when he moved to the place of abode which he kept until his death. There is only one older living member of Fort Wayne lodge No. 14, I. O. O. F., than Mr. Fischer. He is Abraham Oppenheimer. The deceased was nearing his eighty-seventh year, being at the time of his death eighty-six years and seven months old. The widow and five children are left to mourn his death. The children are: Frederick, Anthony and George Fischer; Mrs. Gottlieb Haller and Mrs. Kimmell.

The funeral will take place Thursday at 2 o'clock from the house and will be conducted under the auspices of Fort Wayne lodge No. 14, I. O. O. F.

FORCKEL.

At midnight Otto H. Forckel died at the home of his mother, on Clinton street, of a complication of bronchial and other diseases. The deceased was twenty years of age and leaves a wife, three sisters and three brothers, in addition to his mother, to mourn his loss. The young man was married to Miss Sophia Schulte May 28, 1898, and shortly thereafter he was taken seriously ill, failing rapidly. His death was unexpected. The brothers and sisters are Messrs. Martin, Charles and William Forckel, the latter of New York City, and Mesdames John Pfeiffer, Gustave Sello and William Cramp. The deceased was a member of Salem Reformed church and the funeral will take place from that church Thursday afternoon.

BRIZZOLARI.

After an illness of several weeks little Phelps Brizzolari, the interesting son of Mr. and Mrs. William Brizzolari, of 253 West Wayne street, closed his eyes in eternal sleep at 4 o'clock this morning. Death was due to a complication of congestion of the brain and blood poison. Master Phelps was an exceedingly bright child and was sunshine for the entire neighborhood where he dwelt. His age was four and a half years. The funeral will be announced later.

ZOLLINGER.

The funeral of Mrs. Carl Zollinger will take place Wednesday afternoon at 1:30 from the house, 75 Dawson street, and half an hour later from Salem Reformed church.

It is reported that Admiral Dewey would like to return to the United States. A few score millions of his fellow citizens would like to have him return, and when he comes there will be a mighty uproar of enthusiasm from 'Frisco to Tom Reed's state.

Americans are becoming more and more a nation of smokers. Very few persons realize how large a proportion of our population is addicted to the smoking habit, or what vast sums of money are annually expended in its maintenance; yet almost 25,000,000 persons in our country smoke at a cost of $600,000,000 a year.

The horse will probably find its occupation gone in Germany sooner than anywhere else. The Berlin Omnibus company has now electric motors on nearly all of their vehicles, and the number of electric cabs is daily increasing in that city. Moreover, the good roads enable the farmers to use motor-wagons, and they are used to a great extent for transportation purposes.

For sometime to come the United States and Spain must get along without any treaty to regulate commerce between the two countries. An effort was made at Paris to secure an arrangement with the Spanish commissioners looking to the revival of the old treaties until they could be replaced by others, but this having failed no negotiations for new commercial treaties will be undertaken before ratification of the peace treaty.

Dr. E. C. Spitzka, the alienist, declares his disbelief in the existence of any disease like kleptomania, which causes women to indulge in the form of theft known as shoplifting, which just now appears to be epidemic in New York. He does admit, however, that the tempting displays of the shops appeal strongly to women of weak minds, and that one in one hundred shoplifters may be insane.

Japan, according to the Philadelphia Record, is the first oriental nation to fully appreciate the advantages of the electric current. This country has electrical engineering colleges, publishes a paper devoted to electrical interests, and yearly expends large sums of money sending representatives to foreign countries to investigate the practical applications of electricity. It has quite extensive telephone connections, and is at present laying a submarine cable, manufactured in England, but laid entirely by Japanese engineers, and moreover, is adopting the trolley as fast as circumstances will permit, changing over after the American style the various horse-car lines, especially those of any considerable length. Indeed, in this respect Japan is ahead of some of the continental countries of Europe.

The proposition to so amend the city charter that the board of water works trustees shall be abolished and the duties now performed by that branch of the city government devolve upon the board of public works has on several occasions heretofore been advocated by The Sentinel. Many good ends will be reached by such a change in the charter and it is gratifying to note that there is an effort being made to bring it about. As pointed out in the news columns of The Sentinel yesterday, when the last amendments to the charter were made and the time of electing city officers changed, by some oversight the board of water works trustees was not included in the scope of the amendment. It will therefore be necessary to hold an election in the spring of 1900 to elect a new board unless the board be abolished at the forthcoming session of the legislature. Action should be taken promptly and an effort made to get the approval of as large a majority of citizens as possible.

Last April Gen. Fitzhugh Lee, then consul general at Havana, left the Cuban capital. War was imminent, certain. As he left the Spanish populace jeered him in the streets. Captain General Blanco would not have his siesta disturbed to take farewell of the American consul. In short, the whole course of treatment of General Lee was unfriendly, even hostile. As he sailed from the harbor where the Maine was destroyed he exclaimed: "Wait till we come back. You'll whistle another tune." General Lee is going back. He has already sailed. He starts somewhat later than he once thought to start. But that is due to incidents not of his own making. Spain got thrashed too suddenly to permit the original program to be carried out. When the war began it was thought an assault on Havana would be necessary and General Lee would have rode at the head of the victorious column had the city fallen in battle. As it is he goes back to become the military governor of the island. Blanco will not be there to welcome him. He has skedaddled in time to spare himself that humiliation. General Lee is going back, but Spaniards will whistle no tune at all. They have no heart for music.

MR. POWERS TONIGHT.

This is What the Late Frances E. Willard Said of the Noted Impersonator.

Tonight Leland T. Powers will appear at Princess rink in the Woman's Club League entertainment course. This is what the late Frances E. Willard said of this noted impersonator:

"Have you ever heard Leland T. Powers? Well, you will, unless you hibernate or emigrate. He comes in full dress upon the stage, and undertakes to make you see the thirteen characters in 'David Copperfield.' Without a bit of scenery or a particle of costuming, he produces David, Steerforth, Peggotty, Micawber, Heep and others, his voice, expression and action changing so completely while you look and listen, that the metamorphosis seems little less than magical. The great heartedness of Fisherman Peggotty; the manliness of David, the expansive oratory of Wilkins Micawber, all alive before your eyes. The good is everywhere held up, and the bad denounced, and Uriah Heep's 'meaching' diabolism excites the universal moral nausea that it ought. One feels that Mr. Powers has discovered a new field, and one that gives what is good in the drama without its abominations."

ONE OF THE BEST FEATURES

Of the Pyramid Pile Cure

Is the fact that it cures every form of piles without one particle of pain. This desirable point is not obtained by the use of injurious opiates which simply deaden and paralyze the nerves of the parts and make matters worse in the long run. But it is done solely by its remarkable healing and soothing effects.

And while it thus gives immediate relief, at the same time the disease is not merely checked, but a radical cure is rapidly accomplished.

And the point we want to make clear is that all this is done without a particle of pain.

This fact is one reason for the great popularity of the Pyramid Pile Cure and constitutes one very great difference between it and almost any other kind of treatment for piles.

Every kind of surgical operation for piles is excruciatingly painful besides endangering the life of the patient and in most cases is not to be compared with the Pyramid Cure, neither in making successful cures without pain nor in cheapness and safety.

The Pyramid Pile Cure has been before the public too long, and its merits recognized by too many people to allow it to be classed with the many salves, suppositories, pills, etc., and you run no risk in trying it, as is often the case with new and untried preparations.

If you are ever troubled with any form of piles or rectal disease do not forget the Pyramid Pile Cure. Prepared by the Pyramid Drug Co., Marshall, Mich., and sold by druggists at 50 cents per package.

FATAL GAS EXPLOSION.

Three Men Killed and Two Hurt and a Building Wrecked at Connersville.

Rushville, Ind., Dec. 13.—Three men killed, two others fatally injured and the destruction of $15,000 worth of property is the result of a gas explosion in the shoe store of Henry Luking, in Connersville, late yesterday afternoon. The dead:

J. D. McNaughton, plumber; blown 100 feet and crushed against a telephone pole.

Thomas O'Neill, plumber; crushed in falling building.

Patrick Ready, blacksmith; crushed in falling building.

The fatally injured:

Dr. George T. McNutt, both legs broken; injured internally.

Henry Luking, crushed.

Seriously but not fatally hurt:

Frank Buckley, crushed by falling walls.

Henry Luking detected escaping gas in his store and a few minutes later was overcome. Dr. McNutt was summoned and plumbers were called in. They had just entered the building when it blew up with a terrific report. The dead and wounded men were dug from the ruins of the building an hour later.

Charges Have Been Filed Against Officer Madden.

Suspended Yesterday Afternoon and Will Appear Before the Board of Safety This Evening.

Superintendent Gorsline yesterday afternoon suspended Officer Pat Madden from the police force for violating one of the rules of the police department. Charges have been preferred and the officer will have a hearing before the board of safety this evening. Officer Madden is a member of the day force and has been a policeman something more than two years.

POLICE NEWS.

Superintendent Gorsline has received a letter from Superintendent Charlton, of the Plainfield home for boys, requesting him to recommend a competent baker who neither drinks nor smokes. Such a young man will be given a permanent situation.

The Home Telephone company has placed a desk telephone in the office of Superintendent of Police Gorsline.

FROM THE COLON.

Shield, Crown and Scrolls of Spanish Warship to be Brought to Washington.

Washington, Dec. 13.—Assistant Secretary Allen received a letter today from Commodore Farquar, commandant of the navy yard at Norfolk, saying that the shield, crown and scrolls of the Spanish cruiser Cristobol Colon, now at the yard, can be easily transported. Commodore Farquar says the whole arrangement forms an ornament seven feet high, twenty-two feet ten inches long and weighing 1,671 pounds. It is made of bronze, of artistic design and workmanship. The trophy undoubtedly will be brought to this city, but owing to its weight and size the authorities are somewhat at a loss to know where to put it.

NORTHERN INDIANA NOTES.

Diphtheria is epidemic in South Wabash.

John Crone, sr., aged eighty, a pioneer citizen of Noble county, is dead at his home near Kendallville.

Ferdinand Reinbold, near Winamac, while marketing a load of wheat, accidentally fell under his wagon and was killed.

A special term of the Blackford circuit court has convened in Hartford City to try Albert Musser for the murder of Louisa Stoltz, at Portland, last February.

Robert Steed, a pioneer of Jay county, died a few days ago. In looking about the house where he lived sums of money amounting in all to $3,500 were found hidden in various places.

William Shearer, aged fifteen, of Andrews, was shot in the foot by the accidental discharge of a gun while hunting and the member was so badly mangled that amputation was necessary.

Joseph Rosenthal, a capitalist, of Peru, was seized of paralysis yesterday while at Louisville, Ky., and his condition is alarming. It is the second time he has been stricken, having once before been prostrated while at Kokomo.

Three houses of notoriously bad repute in Warren were raided the other night by officers from Huntington. The local officers of Warren could not be prevailed upon to take action and the members of the common council and a party of citizens visited Huntington, got the county prosecuting attorney, his assistant and several special officers. Proceeding to Warren the houses were raided and seventeen inmates arrested.

KILLING THE PEOPLE.

Fumes From Butte's Big Smelters Have a Deadly Effect.

Salt Lake, Utah, Dec. 13.—A special to the Tribune from Butte, Mont., says: Five deaths occurred in Butte, which are claimed to have been caused by the dreadful sulphur and arsenic fumes from the smelters. Many people who can do so are leaving the city to get out of the smoke.

A mass meeting of citizens has been called to take steps against the deadly nuisance. The five persons whose deaths it is claimed are directly due to the deadly fumes are:

Edwin H. Irvine, Mrs. Henrietta Levy, Frank Rochester, Catherine Sullivan and John Goodnow.

Last night the smoke was more dense and suffocating than ever. Threats are made and it is feared that some violence may result from the public meeting.

Telephone War in Ohio.

Springfield, Ohio, Dec. 13.—At the meeting of the board of public affairs yesterday afternoon Solicitor Richardson of the Central Union Telephone company of Chicago, presented a schedule of rates for telephone service, making a reduction of 25 per cent, the business service to be $42 and the residence $27. At Columbus the Springfield Telephone company was incorporated with a capital stock of $50,000. This company has applied for a franchise here and will make a fight before the council today. The Central Union will attempt to prevent the new company from coming into the city.

Snow Storms Delay Trains.

Cleveland, Ohio, Dec. 13.—Trains from the east are arriving from one to two hours late today owing to the heavy snow storm of last night. The high wind accompanying the snow has caused big drifts to be formed along the railroads east of this city. There has, so far, been no delay to the trains from the south or west. The wind is blowing thirty-six miles from the northwest and the temperature is falling rapidly.

Notice to Gas Consumers.

We think that it would be wise for you to provide yourselves with a little wood or coal in case of unavoidable accidents or shortage of gas.

To the Land of Sunshine.

Take the Sunshine route from Chicago to Los Angeles, San Francisco and other points in California, and escape the rigors of winter in the east and north.

Pullman tourist cars for first and second-class passengers leave Chicago every Saturday, at 2 o'clock p. m., via the Chicago, Milwaukee and St. Paul railway to Kansas City, thence to California via the Atchison, Topeka and Santa Fe railway—a real sunshine route.

This is the earliest afternoon train leaving Chicago for the west after arrival of morning trains from the east, thus avoiding tedious delay.

The Sunshine route is essentially the best and most patronized through car line for men, women and children. Every attention paid to the needs of passengers en route.

Send for a Sunshine route time table folder. It costs nothing.

A Cure for Constipation.

I was troubled with constipation for several years, and frequently went for nine days without my bowels moving. I spent several dollars for the cure of same but without success. This last winter a salesman insisted on me buying some Ramon's Liver Pills and Tonic Pellets, remarking that they were the 'best on earth.' I laughed at the idea but purchased one dozen boxes. Since that time I have used three boxes and am now enjoying the best of health. I recommend them to my customers and the result is I have sold six dozen boxes already. —M. J. Browning, druggist, Germantown, Ky.   Jan1

There are three periods in all life—the time of the bud, of the flower and of the perfect fruit. It is then that girlhood emerges into womanhood and womanhood into motherhood. Almost all of the ills from which women suffer have their inception in weakness and disease of the feminine organism, which bears the burdens of wifehood and motherhood. These disorders usually begin with puberty, childbirth or with the "turn of life." Thousands of women suffer silently for years in this way, rather than undergo the examinations and local treatment insisted upon by the majority of physicians. This is unnecessary.

An eminent and skillful specialist, Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., long since discovered a wonderful medicine that will cure all troubles of this nature in the privacy of the home. This medicine is known as Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs that make wifehood and motherhood possible. It makes them strong, healthy and vigorous. It allays inflammation, heals ulceration, soothes pain and tones up the nerves. It banishes the indispositions of the period of impending maternity, and makes baby's advent easy and almost painless. It transforms weak, sickly, nervous invalids into happy, healthy wives and mothers. All good medicine dealers sell it, and no honest dealer will urge a substitute upon you.

Dr. Pierce's Pellets cure constipation.

$228,440.74!

THE W. W. KIMBALL CO.

HAVE SOLD From Their Fort Wayne Store April 1st, 1894, to December 1st, 1898 861 PIANOS and 627 ORGANS

A total of 1,488 Instruments for which they received $228,440.74—1,488 Instruments in 56 months; an average of 26 4-7 sales a month, or a little more than One Sale for Every Working Day. A remarkable record, is it not?

BEFORE the W. W. Kimball Co opened a store here the Fort Wayne Piano and Organ trade was in the hands of local dealers who obtained their Instruments upon such terms that they cost to much, add in turn the retail purchaser paid to much. Every dealer's stock is graded as to price. The men's furnishers carry neckties worth $1, 75c, 50c and 25c. As we remember Fort Wayne prices of five years ago, they run from about $300 00 for the instruments that may be compared with the 25c necktie to about $650.00 for the best grades. In other words, local dealers sold their leaders or best pianos for about $650.00 and their tail enders or worst pianos for about $300 00. The W W. Kimball Co. come on the ground and the price of the very best Upright Piano is placed at about $450.00, and the tail ender drops to $165.00. Thus an average of $167.00 is saved to each of the purchasers of the 861 Pianos sold by the Kimball house, amounting to the comfortable sum of $143,787.00, to say nothing of immense sum saved to the purchasers of the large number of Pianos bought of other Fort Wayne dealers during the past 55 months; for it is a fact familiar to all that the prices obtained by these dealers have fallen, a sum averaging about as stated above and, in many cases, upon the same makes of instruments as were sold for the high prices of five years ago.

HOW IS IT POSSIBLE

For the Kimball house to *begin and continue* this sweeping cut in local prices? Here are the PLAIN FACTS:

First. With the largest working cash capital employed in manufacturing and selling Pianos, Organs, Pipe Organs, Stools and Scarfs on the Globe.

Second. With great resources in timber lands and mills.

Third. With the largest, most perfectly equipped factory ever builded upon the earth; where cases, beautiful in design, perfect in workmanship, made of the choicest of domestic and imported woods, heavy timber backs, sounding boards of spruce, key frames, ivory keys and actions complete in every detail; are made and assembled into pianos; where every part of the Reed or Parlor Organs IS MADE, and the magnificent Pipe Organ IS CREATED out of a mass of material of every sort and description.

All these vast resources of money and facilities, combined under one organization, of men who have worked their way up from small beginnings more than forty years ago to unquestioned leadership, make it possible to go straight from the factory door to the retail buyer with an instrument made of the best materials, in workmanlike manner, at a price that affords a fair profit to the manufacturer and makes it possible for the family in average circumstances to own and enjoy what but a few years ago was only within the reach of the wealthy class. All business houses make from time to time special or clearing-out sales.

A KIMBALL SPECIAL SALE WILL BEGIN TOMORROW, DECEMBER 14th.

They now have in their Fort Wayne store and in the hands of Mr. Buell at Garrett, Mr. Ramsey at Huntington, and Mr. Burge at Silver Lake, $24,351.00 worth of PIANOS AND ORGANS. The regular Kimball "line" is comprised of THE KIMBALL, WHITNEY and HINZE PIANOS and KIMBALL ORGANS worth $450.00 to $235.00 for Pianos, and $100.00 to $65.00 for Organs. On this line of new, perfect instruments a special sale discount of 20 PER CENT. will be given, reducing the $450.00 Piano to $360.00, the $235.00 Piano to $188.00, the $100.00 Organ to $80.00, and to $65.00 Organ the $52.00. A number of Fresh, New Pianos, not included in the Kimball "line," namely, The Kingsbury, the Lighte & Co.'s, the Schubert, the Fisher and the Hallet & Davis, will be offered at practically the same margin over actual cost that you will be obliged to pay for the Kimball instruments. If you want cheap Pianos we have them with carved panels, full length music desk and roll fall board, large size, for $124.00.

TERMS = 2 1-2 per cent off for 1-4 cash. 5 per cent off for 1-2 cash.
7 1-2 per cent off for 3-4 cash. 10 per cent off for all cash.

On time sales a cash payment of 10 per cent will be required, the balance to be paid at $3.00 to $15.00 per month. Deferred payments will bear 6 per cent interest. Kimball hall and reception rooms will be open to all visitors during this sale. The terms of this sale apply to goods in hands of Mr. Buell at Garrett, Mr. Ramsey at Huntington, and Mr. Burge at Silver Lake, as well as at our Fort Wayne store. The Kimball company are one-price dealers. At the end of this special sale prices will be restored to the regular list.

INSTANTLY KILLED.

Henry Ross Struck by a Pennsylvania Train

Freight Blockade Becoming a Serious Affair. Important Sale of Boilers —Local Gossip.

At 7 o'clock last night, as Pennsylvania train No. 7 was spinning along at a mile a minute gait, the engine collided with a buggy at one of the crossings near Inwood, Ind., killing Henry Ross, the only occupant of the rig, and smashing the vehicle into splinters. The horse escaped injury from the collision, but was slightly hurt in the runaway that followed. Ross rode in a top buggy and had his head swathed in mufflers, and it is presumed that he did not see nor hear the train approaching, although the usual warning was given. The pilot struck the vehicle midway and Ross was thrown against the front end of the locomotive with such force that he was killed instantly. The body and a portion of the buggy remained on the pilot until the train was stopped, when they were removed by the enginemen and trainmen. The accident was due entirely to the carelessness of the driver and no blame can be attached to the trainmen. Engineer H. A. Durnell and Fireman Polhamus had charge of the engine.

Clerical Change in Mr. Tibbles Office.

Tomorrow A. H. Kaiser retires from the clerical position he has filled at the Pennsylvania company's yard office for several years. Mr. Kaiser has purchased of Mrs. Busching the stock of groceries at 124 Wallace street and will hereafter devote his time and energies to business of that character. The store will be closed for inventory Friday, and Saturday morning be reopened under the new management. The vacated place in the yard office will be taken by Walter Gerberding, who has been employed in a clerical way in the freight department for some time.

T. J. Guinn Promoted.

George Ohneck received a letter yesterday from his brother-in-law, T. J. Guinn, formerly employed in the Pennsylvania offices in this city, but who for some years has been engaged as a telegraph operator on the Denver and Rio Grande. The letter announced that Mr. Guinn had been advanced to the position of chief train dispatcher of the third division of the Denver and Rio Grande, with headquarters at Salida, Col.

Freight Blockade Becoming Serious.

All the Nickel Plate yards and sidings here and elsewhere east of Buffalo are fast filling up with loaded grain cars. The blockade at Buffalo is a more serious affair than it promised several days ago and nobody can tell when it will be broken. So far the Nickel Plate has received and moved out of Chicago all the freight offered it, but a scarcity of cars and lack of facilities for storing many more of them will soon compel the company to cease receiving freight. So far other lines have experienced no trouble of this kind, but they are expecting it and word has gone out to the western grain shipping points to not forward any more grain than is absolutely necessary to prevent too great an accumulation at the elevators.

Big Deal in Boilers.

Yesterday the Bass Foundry and Machine company was awarded the contract of equipping a large boiler plant for the American Steel and Wire company, of Anderson, Ind. The contract calls for eight boilers, of 150 horse power each, with fronts, stacks and all the fixtures and trimmings, and they are to be high grade, such as the Bass works always turn out.

Personal and General.

H. Dieckman, of the east car shops, is disabled by a huge boil upon his right arm.

Nickel Plate Brakeman E. M. Young has reported for duty after a few days' sickness.

Chief Train Dispatcher W. H. Tiger went to Chicago this morning in his official capacity.

O. W. Lehman, George Birstine, George Killen and F. Schram, of the Pittsburg shops, are on the sick list.

R. A. McCarthy, who had been taking a brief rest, resumed work on the Pittsburg yesterday. He is a brakeman.

F. Kleinrichert, a car builder at the east shops, has gone to the country to help his folks during the annual butchering season.

Nickel Plate engine 105 has been turned out of the shops, after light repairs. Engine 25 went in the shops for light repairs yesterday.

E. Obenchain, Nickel Plate brakeman, is sick and off duty. Brakeman O. H. Rice, of the same road, is off duty on account of private business.

Nickel Plate Engineer T. E. Short, who had been staying about home on account of the serious illness of his wife, resumed his run yesterday.

Engine 25, just out of the Stony Island shops, has resumed its place in the freight service in the Fourth district, in charge of Engineer F. Dunann and Fireman A. Lawson.

Ed Benedict has resigned his position at the east yards and will go to Denver, Col. Ill health compels him to take this step. Mr. Benedict has been employed in various capacities for several years by the Pennsylvania company.

Nickel Plate Engineer C. F. McFee is taking advantage of the freight blockade to attend to some private affairs, and he has been granted a lay off for that purpose.

Mrs. Stephen Schallenberger, wife of the foreman of the Pennsylvania car inspectors, is very sick, being afflicted with a complication of maladies in which lagrippe predominates.

The Pittsburg and Lake Erie road, which is now putting a lot of new rolling stock into service, is said to have the largest number of freight cars per mile of any of the American roads.

It is stated that the Chicago and Great Western has promised to withdraw its low freight rates on January 1st. The reduction was the cause of the annulment of all traffic relations by a number of roads.

The Michigan Central, the Grand Trunk and the Canadian Pacific are said to be trying to secure control of the Grand Island bridge. It will probably result in an arrangement by which the three roads can jointly use it.

Frank Fankhauser, E. R. Brown, H. Benoke, R. Krull, R. Lansdown and S. C. Soliday, of the east car shop, are at work again, after an absence of from two days to two weeks on account of accidents or sickness.

Tomorrow the Big Four employes at Lindale, near Cleveland, will open a railway reading room, to be conducted under the Y. M. C. A. President Ingalls and General Manager Schaff are to be the chief speakers.

The Pennsylvania railroad has notified agents of the Pennsylvania company that holiday excursion tickets will be sold only to Baltimore and Boston, and not to New York, Washington and other eastern points reached by that line.

Yardmaster Theodore Bly, at the east yards of the Pennsylvania company, will be on the absentee list a few days. Yesterday he slipped on the ice and sprained one of his legs. Art Stevens is performing Mr. Bly's duties in the yard.

E. Mangey was hurt two weeks ago in the east car shops, but recovered in a few days sufficient to resume work. Yesterday the injury became more painful than ever and now threatens to be quite serious. The unfortunate man had to quit work.

Some of the Pennsylvania company's freight engines, of the class R pattern, are receiving larger tanks. One has recently been attached to No. 235 that will hold 4,500 gallons of water and eleven tons of coal. The old tender had a capacity of 3,000 gallons of water and eight tons of coal.

The "Locomotive Engineering," of which Angus Sinclair is the editor, was a great loser by the recent big fire in New York city. The subscription books were destroyed and Mr. Sinclair requests subscribers to send in their names in order that he may prepare a new list.

Flour rates from Minneapolis east are now the lowest ever known —12½ cents, Minneapolis to New York, on domestic flour, and eighteen cents on flour for export. The Chicago Great Western, which initiated the rate, is getting from 100 to 125 carloads of flour from the Minneapolis mills daily.

L. P. Palmer, late chairman of the Joint Traffic association, passenger department, now signs his name to all documents as commissioner of the passenger department. The passenger and freight committees continue to hold their usual meetings, but are supposed to refrain from making any joint traffic agreement.

C. A. Blount, for several years shop clerk for the Lake Erie and Western at this point, resigned that position yesterday. He has been endeavoring to get into the train service, either as brakeman or fireman, and has at last succeeded. He has taken a position of fireman on the Michigan Central, with headquarters at Bloomington, Ill.

It is understood that at the meeting tomorrow, in Chicago, of the passenger officials of the roads in the Central Traffic association the special half rates for soldiers and sailors on sick leave and those returning from the war will be withdrawn, as most of the men have been brought home, and some of the transportation gets into hands

GREAT TALENT

Jones—Well, this boy's career is settled. I'll make a base ball coacher out of him.

of persons not entitled to reduced rates.

William Volkening, of the Bass blacksmith shop, is sick.

The Electric corporation today shipped a 125-light arc machine to Baltimore, Md.

John Meyers, of the Wabash boiler shop, went to Toledo this morning to do some work for the company.

Fred Hilgeman has recovered from his recent illness, and is working again in the factory of Rhinesmith & Simonson.

The chief clerks of the Pennsylvania company, transportation and motive power departments, are holding a special meeting in Pittsburg today. J. T. Leary and Robert Learmonth are in attendance.

One of the big Richmond compound engines recently put into service on the Wabash, was taken into the shops in this city for repairs this morning. This class of engine is said to give good satisfaction.

The board of directors of the Eclipse Novelty company held a meeting last night to talk over the affairs of the concern. Business is good and the capacity of the factory is taxed to its utmost to meet the demand for the goods turned out by it.

The month of December promises to be a record breaker in the way of work turned out of the Wabash shops in this city. So far there have been thirteen engines repaired and turned out this month. If the present rate is maintained the month will show an output of over thirty. The mechanics are working overtime.

Samuel Bender will assume his old place at the puzzle switch in the Pittsburg yards tonight. Two weeks ago he and his family went out into the country to attend the funeral of a relative and while there one of Mr. Bender's children took sick and he was compelled to remain there until the little one was able to be moved to the city.

L. Lang, who was called to Chicago some days ago, to attend the funeral of his son-in-law, Dr. Schirmeyer, this morning resumed his duties in the Bass boiler shop.

An idea of how badly demoralized freight rates are at Chicago is shown in the fact that last week shipments of provisions were going forward at ten and twelve cents per 100 pounds to where the tariff rate is thirty cents.

The marriage of Warren S. Rundell and Dr. Annie M. Stevens occurred yesterday morning at 8 o'clock, at 113 West Berry street. Rev. Dr. Moffat officiated. Mr. and Mrs. Rundell left immediately for their future home in Flint, Mich.

Frank M. Bisheller, who for ten years past has been connected with the Elkhart Review, has been engaged as advertising solicitor for the Gazette. He began his duties today. Mr. Johns will remain in the employ of the publishing company in other work.

Jack Walters, of Spy Run avenue, has gone to Pittsburg, where he will purchase an artificial leg of the J. W. Thompson company. He will take the agency for this house and will be able to furnish all kinds of artificial limbs. He will return home in a few days.

William Feller, secretary of the Western Underwriters' association, has been in the city for the purpose of looking over the business of the company here. While in the city, Mr. Feller appointed G. W. Boerger special agent for this district. Mr. Boerger has been the local representative of the company.

Last evening the home of J. Miller on Wells street, was the scene of a very pleasant double surprise party. The event was in honor of Mrs. J. Miller and Mrs. C. Noll, it being the birthday anniversary of both. The evening was most agreeably spent with music, dancing and games, after which a dainty supper in three courses was served.

The time of year has arrived when every horse left standing, if only for a few minutes, should be blanketed. A little money spent for a blanket may save the life, and always saves the spirit of the horse. It is the duty of officials to see that horses left on the streets are provided with blankets. This is no idle statement, but it is the duty of humanity to see that animals are not misused, and surely an officer has more force to his talk than any one else.

The Tippecanoe club has settled up all its bills which pertained to the minstrel entertainment, and the treasurer made a report to the club. The report was most satisfactory and yesterday the club paid off all its indebtedness and will start in the new year with money in the treasury. This is the first time that the club has been out of debt since it moved into its present quarters four years ago. The three minstrel entertainments have proved a source of revenue.
